A list of such stockholders shall be open to the examination of any stockholder, for any purpose germane to the meeting, during ordinary business hours, for a period of at least ten days ending on the day prior to the meeting date, at the Company's principal executive office address listed above.

All stockholders are invited to attend the Annual Meeting virtually by visiting [www.virtualshareholdermeeting.com/ICUI2024](http://www.virtualshareholdermeeting.com/ICUI2024). For instructions on how to attend the Annual Meeting, see the information in the accompanying Proxy Statement in the section titled "Virtual Annual Meeting Attendance."

**YOUR VOTE IS IMPORTANT**

**It is important that your shares be represented regardless of the number of shares you may hold as of the record date. Whether or not you expect to attend the virtual Annual Meeting, we urge you to please vote your shares via the toll-free telephone number or over the Internet, as described in the enclosed materials under "Voting Information". If you received a proxy card by mail, you may sign, date and return in the enclosed return envelope. Promptly voting your shares will ensure the presence of a quorum at the Annual Meeting and will save us the expense of further solicitation. Submitting your proxy vote now will not prevent you from voting your shares at the Annual Meeting if you desire to do so, as your proxy is revocable at your option.**

### **Forward-Looking Statements**

This proxy statement (this “Proxy Statement”) contains certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical facts are forward-looking statements, including, without limitation, statements regarding the plans and expectations under its sustainability initiatives of ICU Medical, Inc. (the “Company”). In some cases, you can identify forward-looking statements by terms such as “may,” “will,” “should,” “expect,” “plan,” “anticipate,” “could,” “future,” “outlook,” “guidance,” “intend,” “target,” “project,” “contemplate,” “believe,” “estimate,” “predict,” “potential,” “continue,” or the negative of these terms or other similar expressions, although not all forward-looking statements contain these words.

These forward-looking statements are based on management’s current expectations and involve known and unknown risks and uncertainties that may cause actual future events to differ materially from the forward-looking statements in this Proxy Statement, including but not limited to the factors, risks and uncertainties included in the Company’s filings with the Securities and Exchange Commission (the “SEC”), including its Annual Report on Form 10-K for the fiscal year ended December 31, 2023, and as such factors may be updated from time to time in the Company’s other filings with the SEC, which are accessible on the SEC’s website at [www.sec.gov](http://www.sec.gov) and the Investors Relations section of the Company’s website, [www.icumed.com](http://www.icumed.com). These and other important factors could cause actual results to differ materially from those indicated by the forward-looking statements made in this Proxy Statement. Any such forward-looking statements represent management’s estimates as of the date of this Proxy Statement. While the Company may elect to update such forward-looking statements at some point in the future, unless required by applicable law, the Company disclaims any obligation to do so, even if subsequent events cause its views to change. Thus, one should not assume that the Company’s silence over time means that actual events are bearing out as expressed or implied in such forward-looking statements. These forward-looking statements should not be relied upon as representing the Company’s views as of any date after the date of this Proxy Statement.

**PROXY STATEMENT**  
**FOR 2024 ANNUAL MEETING OF STOCKHOLDERS**

**April 2, 2024**

This Proxy Statement is furnished to the stockholders of ICU Medical, Inc. (the “Company” or “ICU”) in connection with the solicitation by the Board of Directors (the “Board”) of the Company of proxies to be voted at the 2024 Annual Meeting of Stockholders of the Company (the “Annual Meeting”) and at any continuation, adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. First person pronouns used in this Proxy Statement, such as “we,” “us,” and “our,” refer to ICU and its subsidiaries unless context requires otherwise.

This Proxy Statement and the Company's Annual Report to Stockholders for the year ended December 31, 2023 (the “2023 Annual Report”) are being made available to stockholders on or about April 2, 2024.

**Annual Meeting of Stockholders**

**Time and Date**

The Annual Meeting will be held virtually on Wednesday May 15, 2024 at 9 a.m. Pacific Time (“PT”). Stockholders may attend the Annual Meeting by visiting [www.virtualshareholdermeeting.com/ICUI2024](http://www.virtualshareholdermeeting.com/ICUI2024).

**Record Date**

The Board has set March 19, 2024 as the record date (the “Record Date”) for the Annual Meeting. If you were a stockholder of record at the close of business on the record date, then you are entitled to receive notice of, and to vote at, the Annual Meeting.

As of March 19, 2024, the outstanding voting securities of the Company consisted of 24,365,082 shares of \$0.10 par value common stock (the “Common Stock”).

**Voting**

Each stockholder of record at the close of business on the Record Date is entitled to one vote for each share held as of that date on each matter submitted to a vote of stockholders. The presence in person or by proxy of holders of a majority of the outstanding shares of stock entitled to vote at the meeting will constitute a quorum for the transaction of such business as shall properly come before the Annual Meeting. There are no cumulative voting rights.

- Ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2024.

### **QUESTIONS AND ANSWERS ABOUT THE VIRTUAL ANNUAL MEETING AND PROXY MATERIALS**

#### **Voting Information**

##### ***Why have I received a “Notice of Internet Availability of Proxy Materials”?***

As permitted by SEC rules, we are making this Proxy Statement and our 2023 Annual Report available to certain of our stockholders electronically via the Internet. On or about April 2, 2024, we mailed to these stockholders a Notice of Internet Availability of Proxy Materials (“Internet Notice”) containing instructions on how to access this Proxy Statement and our 2023 Annual Report and vote online. If you received an Internet Notice by mail, you will not receive a printed copy of the proxy materials in the mail unless you specifically request them. Instead, the Internet Notice instructs you on how to access and review all of the important information contained in the Proxy Statement and 2023 Annual Report. We encourage you to access and review the Proxy Statement and 2023 Annual Report in advance of voting. The Internet Notice also instructs you on how you may submit your proxy over the Internet or via telephone. If you received an Internet Notice by mail and would like to receive a printed copy of our proxy materials, follow the instructions for requesting such materials set forth on the Internet Notice.

##### ***What does it mean if I receive more than one Internet Notice or more than one set of proxy materials?***

It means that your shares are held in more than one account at the transfer agent and/or with banks or brokers. Please vote all of your shares. To ensure that all of your shares are voted, for each Internet Notice or set of proxy materials, please submit your proxy by phone, via the Internet, or, if you received printed copies of the proxy materials, by signing, dating and returning the enclosed proxy card in the enclosed envelope.

##### ***Who is entitled to vote at the Annual Meeting?***

The Record Date for the Annual Meeting is March 19, 2024. You are entitled to vote at the Annual Meeting only if you are a stockholder of record at the close of business on the Record Date, or if you hold a valid proxy for the Annual Meeting. Each share of our common stock entitles its holder to one vote per share on all matters presented to our stockholders at the Annual Meeting.

##### ***How do I submit my proxy?***

You will have the opportunity to attend the virtual Annual Meeting and vote electronically during the virtual Annual Meeting if you choose. Whether or not you attend and vote electronically during the virtual Annual Meeting, it is important that your shares be represented and voted. If you are a stockholder of record, you can give a proxy to have your shares voted at the virtual Annual Meeting in one of the following three ways:

- by signing, dating, and mailing the enclosed proxy card in the enclosed envelope, if you received paper copies of these materials. Proxy cards submitted by mail must be received by the Company no later than May 14, 2024 in order for your shares to be voted;
- electronically, via the Internet by accessing [www.proxyvote.com](http://www.proxyvote.com) using your control number on your proxy card until 11:59 P.M. Eastern Time on May 14, 2024; or
- over the telephone by calling toll free number 1-800-690-6903 until 11:59 P.M. Eastern Time on May 14, 2024.

The Internet and telephone proxy submission procedures are set up for your convenience and are designed to verify your identity, to allow you to give voting instructions, and to confirm that those instructions have been properly recorded.

If your shares are held in the name of a bank, broker or other holder of record (shares held in “street name”), you may vote by submitting voting instructions in the manner prescribed by your bank, broker or nominee. Your broker or nominee has enclosed or provided a voting instruction card for you to use in directing the broker or nominee how to vote your shares. In most instances, you will be able to do this on the Internet, by telephone or by mail as indicated above.

***How can I attend and vote my shares during the virtual Annual Meeting?***

The procedures for attending and voting during the Annual Meeting are designed to verify your identity and allow you to vote. You should retain the attachment to the proxy card enclosed with this Proxy Statement on which your unique control number appears. You will need to write this control number on your ballot to verify your identity. Note that if your shares are held in “street name,” you should contact your bank or broker to obtain your control number or otherwise vote through your bank or broker. If you lose your control number, you may join the Annual Meeting as a “Guest,” but you will be in listen-only mode and will not be able to vote, ask questions or access the list of stockholders as of the Record Date.

To vote during the meeting, visit [www.virtualshareholdermeeting.com/ICUI2024](http://www.virtualshareholdermeeting.com/ICUI2024) and vote electronically. Electronically submitted ballots must be received before the polls are closed during the Annual Meeting to be counted. We anticipate that the polls will be open from approximately 9:05 to 9:20 A.M. PT on May 15, 2024.

Even if you currently plan to electronically attend the virtual Annual Meeting, we recommend that you also submit your proxy as described above so that your vote will be counted if you later decide not to attend the Annual Meeting. If you vote by proxy and then decide to attend the virtual Annual Meeting, you will be able to vote electronically during the Annual Meeting if you wish to change your vote.

***How can I ask questions at the 2024 Annual Meeting?***

The 2024 Annual Meeting will include a question and answer session, during which we will answer questions submitted in accordance with the meeting rules posted on the meeting website ([www.virtualshareholdermeeting.com/ICUI2024](http://www.virtualshareholdermeeting.com/ICUI2024)) and that are relevant to the proposals to be voted on. Only stockholders that have accessed the Annual Meeting as a stockholder (rather than a “Guest”) by following the procedures outlined above in “How can I attend and vote my shares during the virtual Annual Meeting?” will be permitted to submit questions during the Annual Meeting. Stockholders will have an opportunity to submit written questions via the Internet at any time during the meeting by following the instructions that will be available on the meeting website. Stockholders may also submit written questions in advance of the Annual Meeting at [proxyvote.com](http://proxyvote.com) before 11.59 P.M Eastern Time on May 14, 2024. In both cases, stockholders must have available their control number.

As part of the Annual Meeting, we will hold a live Q&A session, during which we intend to answer appropriate questions submitted during the meeting and that relate to the matters to be voted on. We intend to reserve up to 10 minutes before the closing of the polls to address questions submitted. Only stockholders that have accessed the Annual Meeting as a stockholder (rather than a “Guest”) by following the procedures outlined above in “How can I attend and vote my shares at the virtual Annual Meeting?” will be able to submit questions during the Annual Meeting. Additionally, our Annual Meeting will follow “Rules of Conduct,” which will be available on our Annual Meeting webpage for stockholders that have accessed the Annual Meeting as a stockholder (rather than a “Guest”). Under these Rules of Conduct, a stockholder may ask up to two questions, and we will not address questions that are, among other things:

- irrelevant to the business of the Company or to the business of the Annual Meeting;
- related to information beyond that which is contained in our prior public disclosures;
- related to material non-public information of the Company;
- related to personal grievances;
- derogatory references to individuals or that are otherwise in bad taste;

- substantially repetitious of statements already made by another stockholder;
- in furtherance of the stockholder's personal or business interests; or
- out of order or not otherwise suitable for the conduct of the Annual Meeting as determined by the Chair of the Annual Meeting or the Corporate Secretary in their reasonable judgment.

#### ***Why didn't I receive a printed copy of the proxy materials?***

As permitted by the SEC rules, we have elected to provide access to our proxy materials and 2023 Annual Report online instead of sending all stockholders a full set of printed proxy materials. Stockholders will not receive paper copies of the proxy materials unless they request them. We believe that electronic delivery provides you with prompt access to our proxy materials, lowers our costs of printing and delivering proxy materials, and minimizes the environmental impact of printing paper copies. You should have already received the Notice of Internet Availability of Proxy Materials containing instructions on how to access the proxy materials and vote. If you would like to receive a printed copy of our proxy materials, see below.

#### ***How can I request a paper or e-mail copy of the proxy materials?***

You may receive a paper or e-mail copy of the proxy materials free of charge by requesting a copy prior to May 1, 2024, to facilitate timely delivery, through one of the following:

- By Internet: [www.proxyvote.com](http://www.proxyvote.com)
- By telephone: 1-800-579-1639
- By e-mail: [sendmaterial@proxyvote.com](mailto:sendmaterial@proxyvote.com)

#### ***Where can I find the voting results?***

We will announce the preliminary voting results at the virtual Annual Meeting. We also will report the final voting results on a Form 8-K, which we expect to file with the SEC within four business days after the virtual Annual Meeting has been held.

#### ***How will my proxy be voted?***

If you are a record holder and submit your proxy without instructions as to how it is to be voted, the proxy holders identified on the proxy will vote your shares as follows:

- **FOR** proposal 1, the election as directors of the seven director nominees named in this Proxy Statement;
- **FOR** proposal 2, the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2024; and
- **FOR** proposal 3, the advisory vote to approve executive compensation paid to our named executive officers.

If you indicate voting instructions when you submit your proxy, the proxy holders will follow your instructions in casting votes. If you hold your shares through a broker and do not instruct the broker on how to vote your shares, your shares will not be voted for proposal 1, or proposal 3, as applicable, and instead will be considered a "broker non-vote" as to each of those proposals. If you do not instruct the broker on how to vote your shares on proposal 2, the broker will be permitted to exercise its discretion to vote your uninstructed shares on proposal 2.

The Board does not know of any matters that will come before the Annual Meeting other than those described in the Notice of Annual Meeting. If any other matters are properly presented for consideration at the Annual Meeting, then the proxy holders will have discretion to vote on such matters as they see fit.

**Your vote is important. Thank you for voting.**

#### **Voting Matters and Board Recommendations**

The Board is not aware of any matter that will be presented for a vote at the Annual Meeting other than those shown below.

**Broker Non-Votes.** The term "broker non-votes" refers to shares held by a broker in "street name" that are present by proxy but are not voted pursuant to rules prohibiting brokers from voting on non-routine matters without instructions from the beneficial owner of the shares. Broker non-votes on non-routine matters are not counted as entitled to vote on a matter in determining the number of affirmative votes required for approval of the matter but are counted as present for quorum purposes.

Of the proposals to be considered at the Annual Meeting, only the ratification of the appointment of the independent registered public accounting firm is considered to be a routine matter on which brokers may vote without instructions from beneficial owners. The election of directors and the advisory vote to approve named executive officer compensation are considered non-routine matters on which brokers may not vote without instructions from the beneficial owners.

**Votes Withheld and Abstentions.** Under our Bylaws, a share present at the meeting but for which there is an abstention or as to which a stockholder gives no authority or direction as to a particular proposal (“votes withheld”), shall be counted as present for purpose of establishing a quorum but shall not be counted as a vote cast for or against the proposal.

Assuming that a quorum is present, the votes required to approve the matters before the Annual Meeting are as follows:

- Proposal 1. Election of Directors: The election of directors will be decided by a plurality of the votes. The seven director nominees receiving the highest number of affirmative “for” votes will be elected. Votes withheld are not considered votes cast and will, therefore, not affect the outcome of this proposal. As brokers lack authority to exercise their discretion to vote uninstructed shares on this proposal, broker non-votes will have no effect on the outcome of the proposal. In addition, under our Bylaws, in an uncontested election of directors (one in which the only nominees are those nominated by the Board), any nominee who receives a greater number of votes "withheld" from his or her election than votes "for" his or her election shall, within 10 days following the certification of the stockholder vote, tender his or her written resignation to the Chairperson of the Board for consideration by the Nominating/Corporate Governance Committee of the Board ("the Nominating Committee"). The Nominating Committee shall consider such tendered resignation and within 60 days following the certification of the stockholder vote, shall make a recommendation to the Board concerning the acceptance or rejection of the resignation.
- Proposal 2. Ratification of the appointment of Deloitte & Touche LLP as the Company’s independent registered public accounting firm: Stockholder approval of this matter requires the affirmative vote of the holders of a majority of the votes cast on the matter affirmatively or negatively. Abstentions are not counted as votes cast and will not affect the outcome of this proposal. As brokers have the discretionary authority to vote uninstructed shares on this matter, broker non-votes are not expected for this proposal.
- Proposal 3. Advisory Vote to Approve our Named Executive Officer Compensation: Stockholder approval of this matter requires the affirmative vote of the holders of a majority of the votes cast on the matter affirmatively or negatively. Abstentions are not counted as votes cast and will not affect the outcome of this proposal. As brokers lack authority to exercise their discretion to vote uninstructed shares on this proposal, broker non-votes will also have no effect on the outcome of this proposal.

#### Board Recommendations

The Board recommends that you vote:

- **FOR** the election of the seven nominees for election to the Board to serve until the next annual meeting of stockholders or until their successors have been elected and qualified;
- **FOR** the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2024; and
- **FOR** the approval, on an advisory basis, of our named executive officer compensation.

#### Virtual Annual Meeting Attendance

As permitted by Delaware law, the Annual Meeting will be held entirely virtually at [www.virtualshareholdermeeting.com/ICUI2024](http://www.virtualshareholdermeeting.com/ICUI2024), on Wednesday, May 15, 2024 at 9:00 a.m., Pacific Daylight Time, and at any adjournments thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. There will be no physical location at which stockholders may attend the Annual Meeting, but stockholders may attend and participate in the meeting electronically. Stockholders who participate in the virtual Annual Meeting will be deemed to be present in person and will be able to vote during the Annual Meeting at the times that the polls are open. Stockholders who wish to attend the meeting should go to [www.virtualshareholdermeeting.com/ICUI2024](http://www.virtualshareholdermeeting.com/ICUI2024), at least 10 minutes before the beginning of

the meeting to register their attendance and complete the verification procedures to confirm that they were stockholders of record as of March 19, 2024, the record date. Stockholders of record will need to provide the control number on the attachment to the enclosed proxy card to verify their identity.

Beneficial owners whose stock is held for them in street name by their banks, brokers or other nominees may also attend the Annual Meeting by going to [www.virtualshareholdermeeting.com/ICUI2024](http://www.virtualshareholdermeeting.com/ICUI2024), at least 10 minutes before the beginning of the meeting to register their attendance and complete the verification procedures to confirm that they were a beneficial owner as of the record date. Beneficial owners will need to provide the name of the broker or other nominee that holds their shares to gain access to the virtual meeting. Such beneficial owners may only cause their shares to be voted by providing voting instructions to the persons who hold the beneficial owners' shares for them.

### **Revoking or Changing Your Vote**

A stockholder giving a proxy may revoke its vote at any time before it is voted at the Annual Meeting by filing with the Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if the person executing the proxy is present at the Annual Meeting electronically and elects to vote electronically during the meeting. Subject to such revocation or suspension, all shares represented by each properly executed proxy or electronic vote received by the Company will be voted in accordance with the instructions indicated thereon, and if instructions are not indicated, will be voted in favor of (i) the election of the director nominees named in or otherwise nominated as set forth in this Proxy Statement, (ii) the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ended December 31, 2024, (iii) the approval, on an advisory basis, of our named executive officer compensation, and (iv) in the discretion of the proxy holders on any other business that properly comes before the meeting. Currently, no matter is expected to be considered at the Annual Meeting other than the proposals set forth in the accompanying Notice of Annual Meeting of Stockholders. However, if any other matters are properly brought before the Annual Meeting for action, it is intended that the shares of our Common Stock represented by proxies will be voted by the persons named as proxies on the proxy card in accordance with their discretion on such matters.

## SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information as to shares of Common Stock beneficially owned as of March 19, 2024, by (a) each current director and each nominee for director, (b) each named executive officer for fiscal year ended December 31, 2023 and (c) all current directors and executive officers of ICU as a group. Unless otherwise indicated in the footnotes following the table, and subject to community property laws where applicable, the Company believes that the persons as to whom the information is given have sole voting and investment power over the shares listed as beneficially owned. ### Compensation Discussion and Analysis

The following Compensation Discussion and Analysis describes important information regarding the executive compensation program at ICU Medical, Inc. It describes our compensation philosophy, objectives regarding the compensation of our named executive officers, our policies and practices, and determinations related to executive compensation specific to 2023. For 2023, the term "named executive officers" represents the five executive officers in the compensation tables below:

Vivek Jain	Chief Executive Officer (“CEO”) and Chairman of the Board
Brian Bonnell	Chief Financial Officer (“CFO”) and Treasurer
Christian Voigtlander	Chief Operating Officer (“COO”)
Daniel Woolson	Corporate Vice President, General Manager - Infusion Systems
Virginia Sanzone	Corporate Vice President, General Counsel

## Executive Summary

Our executive compensation program is designed to provide a total compensation package intended to attract and retain high-caliber executive officers and employees, and also to incentivize employee contributions that are consistent with our corporate objectives and stockholder interests. Our Compensation Committee, comprised solely of independent directors, believes it is important to provide a competitive total compensation package and share our success with our named executive officers, as well as our other employees, when our objectives are met. The following is a summary of the aspects of our executive compensation program discussed further in this section.

- **Pay for Performance.** Our compensation program is designed to reward our executive officers and employees when the Company performs or to deliver below target compensation when the Company and/or individuals underperform.
- **Mix of compensation components and incentives.** We target a balanced mix of cash and equity compensation and we focus more on variable and performance-based incentives (such as bonus and equity compensation) and less on fixed compensation (such as base salary). In 2023 base salaries remained the same as 2022 base salaries. Our base salaries remain below the median of our peer group and accordingly performance-based incentive compensation remains important for the retention of our named executive officers.
- **Performance-based equity.** A significant portion of our equity compensation awarded to our executive officers is earned based 100% on financial and individual performance factors rather than solely time-based vesting.

## Executive Compensation Program Highlights

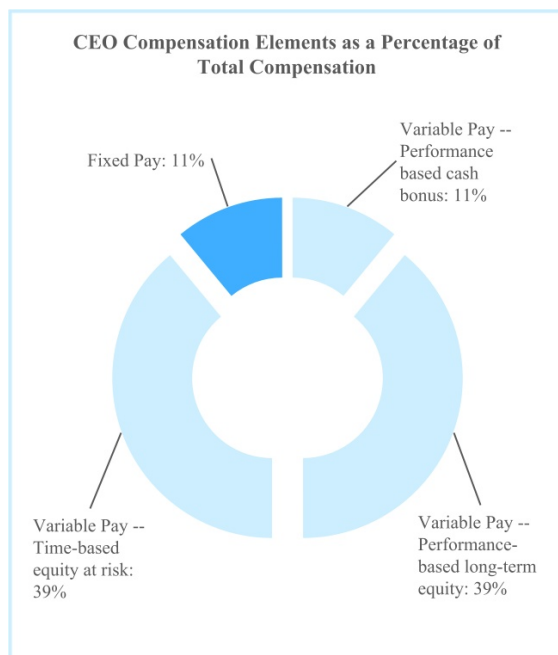

### Pay for Performance

“Pay for performance” is the underlying tenet of our compensation philosophy. Consistent with this focus, our 2023 executive compensation program includes annual performance-based cash bonuses and long-term incentive compensation, primarily in the form of restricted stock unit (“RSU”) awards, that vest based on continued service and achievement of applicable performance goals. We overemphasize long-term equity opportunities relative to short-term cash opportunities in order to motivate our executives to focus on long-term value creation and accordingly have under-weighted both base salary and annual target bonus relative to equity-based compensation as components of our annual total target compensation. Additionally, our executive compensation program is designed so that a significant portion of compensation is “at risk” based on Company performance, including short-term cash and long-term equity incentives, which also align the interests of our stockholders.

For 2023, on average, approximately 87% of our named executive officers’ target total direct compensation consisted of “variable” pay (assuming the payout at “target” performance of annual cash bonuses and performance RSU awards) and included the following elements:

- *Performance-based cash.* Our named executive officers participate in an annual cash incentive program which provides for payouts ranging from 0% to 150% of target incentive opportunity based upon achievement of pre-established financial measures, and the Compensation Committee reserves discretion to adjust bonuses up or down based on each named executive's individual performance against pre-set individual performance goals in determining actual bonus payouts.
- *Multi-year Performance-based RSU awards.* The performance-based RSU (“PRSU”) awards granted to our CEO, COO, CFO, and Corporate Vice President, General Counsel (“CVP, GC”) are earned and cliff-vest only upon achievement of performance goals over a three-year performance period which, for awards granted in 2023, is based on the achievement of minimum three-year adjusted revenue and Adjusted EBITDA compound annual growth rates, each weighted 50%. Mr. Woolson will earn his long-term PRSU award over a three-year period, consisting of three annual performance periods, if he meets his individual performance goals, as determined by the CEO and our Compensation Committee in their discretion. Our long-term PRSU awards recognize contributions to long-term success, align our executive officers' compensation with Company performance and allow us to retain key employees through long-term vesting and potential wealth creation.
- *Time-based RSU awards.* The time-based RSUs awarded to our CEO, COO, CFO and CVP, GC balance pay-for-performance and retention objectives. Realized value will vary based on stock price performance. Retention is achieved via a three-year vesting period. These vesting periods reinforce the executives' focus on long-term stockholder value.

The following chart shows the mix between “fixed” and “variable” pay for our CEO and other named executive officers in 2023 (on average). Fixed pay included base salaries and other benefits. RSUs are included in variable pay below because the value varies with stock performance.

***Strong Governance and Other Compensation Practices***

We endeavor to maintain sound governance standards consistent with our executive compensation policies and practices. Our compensation philosophy and related corporate governance policies and practices are complemented by the following specific compensation practices that are designed to align our executive compensation program with long-term stockholder interests:

- *Meaningful Stock Ownership Guidelines.* We maintain guidelines for the minimum ownership of shares of our Common Stock by our executive officers and the non-employee members of our Board, including a 5x base salary requirement for our CEO and 1x base salary requirement for our other executive officers.
- *Limited Perquisites.* We provide only limited perquisites or other personal benefits to our executive officers, such as a 401(k) plan matching contribution and Company-paid annual physicals.
- *No Tax Reimbursements.* We do not provide any tax reimbursement payments on any perquisites or other personal benefits or on any severance or change-in-control payments or benefits.
- *Hedging and Pledging Prohibited.* We prohibit our executive officers and the non-employee members of our Board from hedging or pledging our securities.
- *No Defined Benefit Pension.* We do not currently offer, nor do we have plans to provide, pension arrangements. At this time, we maintain a defined contribution plan that is intended to satisfy the requirements of Sections 401(a) and 401(k) of the Internal Revenue Code (the “Code”), which is available to our executive officers on the same basis as our other full-time, salaried U.S. employees.
- *Clawback Policy.* We maintain a clawback policy that applies to our executive officers and allows us to recover cash and equity incentive compensation in the event of a financial restatement.

***2023 Say-on-Pay Vote***

We provide our stockholders with the opportunity to vote annually on the advisory approval of the compensation of our named executive officers (a “say-on-pay proposal”). Each year, the Compensation Committee considers the say-on-pay vote results from the prior Annual Meeting of Stockholders in its evaluation of the compensation program for our named executive officers. At our 2023 Annual Meeting of Stockholders, approximately 97% of the votes cast were voted in favor of

our say-on-pay proposal, which we believe affirms our stockholders' support of our executive compensation program. In addition, at our 2023 Annual Meeting of Stockholders, our stockholders had the opportunity to cast an advisory vote on the frequency of our say-on-pay proposals, and the majority of our stockholders recommended holding such votes on an annual basis. Our Board considered the outcome of this advisory vote and determined that the Company will hold an annual say-on-pay vote. Our next say-on-pay vote will occur at this 2024 Annual Meeting of Stockholders.

During 2023, our management team met with the majority of our top 20 stockholders who collectively own over 85% of the outstanding shares of the Company, along with a number of other stockholders and potential stockholders. Engagement with our stockholders is important and during such engagement we have discussed numerous relevant topics at the forefront of companies today. These discussions covered topics such as financial performance, executive compensation, and the long-term strategy of the Company. We listened carefully to the views of the stockholders and continue to believe that our compensation program for our named executive officers is aligned with the expectations of the stockholders and investors.

## **How We Determine Executive Compensation**

### ***Compensation Philosophy and Objectives***

Our executive compensation program is designed to align our named executive officers' interests with those of our stockholders by establishing a direct and meaningful link between our business financial results and their compensation. In determining total compensation of our named executive officers, the Compensation Committee has worked with its compensation consultant, as described in greater detail below in "Engagement of Compensation Consultant," to implement compensation policies based on the following factors:

- the overall business and financial performance of the Company;
- the individual's performance, experience and skills;
- the terms of employment agreements or other arrangements with the individual;
- competitive market data for similar positions based on the Company's compensation peer group with a focus on performance-based incentive compensation instead of fixed base salaries; and
- results from the prior year's stockholder advisory vote on the compensation of our named executive officers.

The main objectives of our executive compensation program are to:

- provide competitive total pay opportunities that help attract, incentivize and retain leadership and key talent while focusing on performance-based incentive cash and equity-based compensation;
- establish a direct and meaningful link between business financial results, individual/team performance and rewards;
- provide strong incentives to promote the profitability and growth of the Company, create long-term stockholder value and incentivize superior performance; and
- encourage the continued attention and dedication of our executives and provide reasonable individual security to enable our executives to focus on our best interests.

In making compensation decisions, the Compensation Committee believes that a critical factor in ensuring the Company's ability to attract, retain and motivate its executive officers is ensuring that their compensation is competitive with companies that it considers to be competitors. In determining the appropriate level and form of compensation, the Compensation Committee periodically reviews market data relating to the cash and equity compensation of similarly-sized medical device and life sciences companies that is provided by its compensation consultant, as described in greater detail below in "Engagement of Compensation Consultant."

### ***Engagement of Compensation Consultant***

The Compensation Committee conducts an annual review and approval of our compensation strategy, including the review and approval of our compensation peer group. Since 2007, our Compensation Committee has engaged Compensia, a national compensation consulting firm, to assist in reviewing and making appropriate changes to our executive compensation guiding principles, to review and update our compensation peer group when appropriate, to evaluate the competitiveness of our executive officers' compensation, and to assist it in the course of its deliberations concerning executive compensation decisions. Compensia serves at the discretion of the Compensation Committee.

For 2023, our peer group remained primarily unchanged from 2022, and included the following peer companies:

CONMED	Hologic	Patterson Companies
The Cooper Companies	Integer Holdings	Sotera Health Company
DENTSPLY SIRONA	Integra LifeSciences Holdings	STERIS plc
Envista Holdings	Masimo	Teleflex
Haemonetics	Nuvasive	

This compensation peer group was used by the Compensation Committee during 2023 as a reference for understanding the competitive market for executive positions in our industry sector. The market data used for the Compensation Committee's comparative analysis was drawn from publicly-available sources for the companies in the compensation peer group. The peer group consists of companies in the publicly-held health care equipment and supply sectors that generally met the following characteristics: positive revenue growth, annual revenues of approximately 0.5-3.0 times our revenues and aggregate market values of approximately 0.5-4.0 times our aggregate market value. We believe these characteristics are relevant because their similarity captures the similarity in the labor market for executives.

### Elements of Compensation

In setting compensation levels for our executive officers, the Compensation Committee considers each element of compensation separately as well as the aggregate value of all elements of compensation for each individual. Amounts realized or realizable from awards under prior bonus or incentive plans, including stock options, do not significantly influence the pay setting process of current compensation levels. The significant compensation components are base salary, annual cash bonuses and equity awards; we also provide severance and change in control payments and benefits. Further, our focus on performance-based incentive cash and equity-based compensation is critical to the retention to our named executive officers, as the Company's compensation philosophy has kept base salaries lower than the median of our peers and our named executive officers' compensation opportunity has come from performance-based incentive compensation. This underlying philosophy aligns the compensation of our executive officers with long-term shareholder value.

While the Compensation Committee does not use specific target percentiles to justify compensation decisions, it does consider competitive market data in the course of its deliberations. The Compensation Committee believes that such information is useful in at least two respects. First, the Compensation Committee recognizes that our compensation levels must be competitive to attract, motivate, and retain superior executive talent. Second, the Compensation Committee believes that developing a general understanding of the compensation provided to the executives at our peer companies is useful in assessing the reasonableness and appropriateness of individual executive compensation elements.

Accordingly, the Compensation Committee considers an analysis of the compensation practices of the companies in the compensation peer group, as well as evolving market practices, to ensure that it remains informed of current practices when making compensation decisions. This information is one of several factors, including the factors that are described above in the "Compensation Philosophy and Objectives" section, that the Compensation Committee considers in making its decisions with respect to the compensation of our executive officers.

### Base Salaries

The Compensation Committee initially established the base salaries with our named executive officers as the result of an arms-length negotiation with each individual.

Base salaries in 2023 remained the same as those in 2022. The following table presents each named executive officer's annual base salary for 2023:

Name	Position	2023 Annual Base Salary
Vivek Jain	Chief Executive Officer/ Chairman of the Board	\$ 775,000
Brian Bonnell	Chief Financial Officer and Treasurer	\$ 475,000
Christian Voigtlander	Chief Operating Officer	\$ 500,000
Daniel Woolson	Corporate Vice President, General Manager - Infusion Systems	\$ 375,000
Virginia Sanzone	Corporate Vice President, General Counsel	\$ 430,000

## Annual Cash Incentives

### Overview

Pursuant to the terms of our Management Incentive Plan (“MIP”), the Compensation Committee sets target bonus opportunities and selects financial measures and related target levels for each year. Cash bonuses under the MIP are based on corporate and individual performance measures for the applicable year and, at the discretion of the Compensation Committee, may be further adjusted.

The following table presents the 2023 target bonus opportunities and the eligible MIP range (threshold and maximum) for each named executive officer, which were unchanged from 2022.

Name	Threshold Bonus (% of Target Bonus)	Target Bonus (% of 2023 Base Salary)	Stretch Bonus (% of Target Bonus)
Vivek Jain	50%	100%	150%
Brian Bonnell	50%	60%	150%
Christian Voigtlander	50%	60%	150%
Daniel Woolson	50%	60%	150%
Virginia Sanzone	50%	60%	150%

For 2023, payout under the MIP for our named executive officers and all other employees who participate in the MIP was based on the Company’s achievement of pre-established Adjusted EBITDA and Free Cash Flow (“FCF”) goals, each weighted 50%. The Compensation Committee determined to use Adjusted EBITDA as a short-term performance measure under our 2023 MIP because it believes Adjusted EBITDA is a positive indicator of our operating results and increased stockholder value and aligns the executive officer’s compensation with a key financial target. The Compensation Committee also determined to use FCF as a short-term performance measure under our 2023 MIP in order to reward executives for efficient deployment and utilization of capital and aligns the executive officer’s compensation with a key company objective. For purposes of the 2023 MIP, “Adjusted EBITDA” means net income adjusted for net interest, stock compensation expense, depreciation expense, intangible asset amortization expense, restructuring, strategic transaction and integration expense, change in fair value of contingent earn-out, quality system and product-related remediation charges, gain on disposition of assets, asset write-offs and similar charges and income tax expense, as further described in Annex A to this proxy statement. For purposes of the 2023 MIP, “FCF” means net cash provided by (used in) operating activities minus purchase of property, plant and equipment, plus proceeds from sale of assets, as shown in Annex A to this proxy statement. However, each payout under the MIP may be further adjusted at the discretion of the Compensation Committee based on individual performance factors.

### Plan Funding Percentages

Based on a review of current economic conditions, the Compensation Committee set the following Adjusted EBITDA and FCF performance goals (each weighted 50%) under the 2023 MIP:

	Threshold Goal	Target Goal	Stretch Goal
Adjusted EBITDA Performance for Executive Plan (in millions)	\$375	\$400	\$425
Free Cash Flow (in Millions)	\$50	\$100	\$150
MIP % Payout	50%	100%	150%

### Performance Against the Plan Targets

Based on the Company’s actual Adjusted EBITDA and FCF performance of \$376.1 million and \$83.8 million for 2023, respectively, the cash incentive payouts under the 2023 MIP were earned at 60%. However, based on a review of each named executive officer’s individual performance and contributions to the Company for 2023 with consideration given for work performed in 2023, the Compensation Committee determined that each of the CFO, CVP GC and Mr. Woolson earned cash incentive payouts at approximately 68% of target, while the payouts for the CEO and COO were not adjusted and remained at 60% of target. Specifically, the Compensation Committee considered the named executive officers’ contribution toward the continued integration of the Smiths Medical acquisition and the extensive demands on this team during the year. The

integration of Smiths Medical has been demanding across the Company and this team since 2022 from improving the customer experience for legacy Smiths Medical customers, meeting the needs of the various regulatory bodies and doubling the employee population. Further, this team has led the Company in achieving (i) significant progress during 2023 relating to the supply chain and quality in the Smiths Medical legacy business and (ii) better than expected synergy capture during 2023.

The following table presents the possible threshold, target and stretch bonus payouts for the 2023 MIP, as well as the actual amounts paid under the MIP for each named executive officer for 2023.

<b>Name</b>	<b>Salary</b>	<b>Potential Threshold Bonus</b>	<b>Potential Target Bonus</b>	<b>Potential Maximum Bonus</b>	<b>Actual Bonus Paid</b>	<b>Actual Bonus Paid % of Target Bonus</b>
Vivek Jain	\$ 775,000	\$ 387,500	\$ 775,000	\$ 1,162,500	\$ 465,000	60 %
Brian Bonnell	\$ 475,000	\$ 142,500	\$ 285,000	\$ 427,500	\$ 194,085	68 %
Christian Voigtlander	\$ 500,000	\$ 150,000	\$ 300,000	\$ 450,000	\$ 180,000	60 %
Daniel Woolson	\$ 375,000	\$ 112,500	\$ 225,000	\$ 337,500	\$ 152,550	68 %
Virginia Sanzone	\$ 430,000	\$ 129,000	\$ 258,000	\$ 387,000	\$ 175,698	68 %

### *Equity Awards*

We grant equity awards to our executive officers to align their interests with the interests of our stockholders and to help achieve our retention objectives. The use of equity awards further promotes our efforts to encourage the profitability and growth of the Company through the establishment of strong incentives to maintain our stock performance.

### *2023 Equity Awards*

In March 2023, the Compensation Committee continued to approve the grants of PRSUs in lieu of granting stock options to our named executive officers. This decision was based, in part, on the Compensation Committee's continued belief that PRSUs drive performance on specific financial metrics that will translate into long-term stockholder value creation. In 2023, for our CEO, COO, CFO and CVP, GC we believe a combination of performance and time-based RSUs effectively balance pay-for-performance and retention objectives. Mr. Woolson was awarded multi-year PRSUs that vest based on the achievement of individual performance goals.

The below table presents the dollar values of the RSUs and the PRSUs ( at target) approved by the Compensation Committee for each named executive officer during the annual grant process in March.

<b>Name</b>	<b>Time-based RSUs Value (\$)</b>	<b>Performance-based RSUs Target Value (\$)</b>
Vivek Jain	2,250,000	2,250,000
Brian Bonnell	1,500,000	1,500,000
Christian Voigtlander	1,500,000	1,500,000
Dan Woolson	—	1,350,000
Virginia Sanzone	750,000	750,000

These equity award values above were used to determine the number of shares to be issued to each named executive officer. The equity awards approved by our Compensation Committee in March 2023 were subject to shareholder approval of additional shares available for issuance under our Amended and Restated 2011 Stock Incentive Plan at the May 17, 2023 Annual Meeting of Stockholders. As such, the grant of the equity awards was effective on May 17, 2023 and the related grant-date fair value was calculated based on this date.

The following table presents the shares issued and related fair market values of the equity awards to our named executive officers for 2023:

Name	Time-Based RSUs (#)	Time-Based RSUs Grant-Date Fair Value (\$) <sup>(1)</sup>	PRSUs (#) <sup>(2)</sup>	PRSUs Grant-Date Fair Value (\$) <sup>(1)</sup>
Vivek Jain	14,615	2,777,142	14,616	2,777,332
Brian Bonnell	9,743	1,851,365	9,744	1,851,555
Christian Voigtlander	9,743	1,851,365	9,744	1,851,555
Daniel Woolson	—	—	8,770	1,666,475
Virginia Sanzone	4,872	925,777	4,872	925,777

<sup>(1)</sup> Reflects the grant-date fair value of the time-based RSUs and PRSUs (at target).

<sup>(2)</sup> Number of units shown for CEO, COO, CFO and CVP, GC represents the total award to be earned (at target) at the end of a three-year performance period and for Mr. Woolson the total award to be earned (at target) over three annual performance periods.

Consistent with our overall pay philosophy, our Compensation Committee determined the size of the 2023 equity awards so that the target total direct compensation of the named executive officers fell in the competitive market range, as appropriate, after considering factors such as Company and individual performance, experience, longevity with the Company, internal pay parity considerations and unique requirements of the position.

The RSU and PRSU awards granted to the named executive officers in 2023 were subject to the following provisions:

For the CEO, COO, CFO and CVP, GC the PRSUs have a three-year performance period commencing January 1, 2023 and ending on December 31, 2025. Between 0% and 250% of the target PRSUs will be eligible to vest based upon the achievement of minimum pre-established three-year adjusted revenue and three-year Adjusted EBITDA compound annual growth rates (each weighted 50%) over the performance period. The performance targets shall be included when the performance is actually determined after the close of the performance period given the sensitive nature of the information for the Company.

These performance targets were selected as long-term performance measures as they align future payout under the long-term plan with sustained adjusted revenue and adjusted EBITDA performance. Shares of our Common Stock subject to the PRSUs that are earned will vest in full on March 15, 2026, subject to the executive officer's continued service through such vesting date. Any unearned PRSUs as of March 15, 2026 shall be forfeited automatically on such date.

For Mr. Woolson, the PRSUs will vest as to one-third of the total number of PRSUs underlying the award on the first, second and third anniversaries of March 15, 2023 subject to the CEO and Compensation Committee's determination that pre-established individual performance goals have been met with respect to the applicable year and continued service through such vesting date. If Mr. Woolson does not meet his pre-established individual performance goals, the unvested PRSUs roll over and become eligible to vest on the following vesting date for the award. Any unearned PRSUs as of March 15, 2026 will be forfeited automatically on such date.

The time-based RSUs granted to our named executive officers vest in equal annual increments over a three-year period from the date of grant, subject to continued service through each vesting date.

We do not pay or accrue dividend equivalents on any RSU or PRSU awards.

#### *Vesting of Equity Awards Granted*

In 2020 and 2021, the named executive officers, other than the CEO, COO, and CFO, and in 2023, Mr. Woolson were granted PRSUs that vest as to one-third of the total number of PRSUs underlying the award on the first, second and third anniversaries of the applicable grant date, subject to the CEO and Compensation Committee's determination that pre-established individual performance goals have been met with respect to the applicable year and continued service through such vesting date. On February 9, 2024, the CEO and Compensation Committee determined that the 2023 individual performance goals had been met for all of the named executive officers, and therefore one-third of the total number of 2020, 2021 and, for Mr. Woolson, 2023 PRSUs vested on the anniversary dates of the respective awards.

In 2021, we granted PRSUs to our CEO, COO and CFO, which had a performance period commencing on January 1, 2021 and ending on December 31, 2023 and would be earned, if at all, subject to the achievement of minimum three-year adjusted revenue compound annual growth rate (CAGR) and two-year Adjusted Diluted EPS CAGR, which when reviewed against a predetermined vesting matrix (as shown below) could result in the vesting of 0% to 250% of the target number of PRSUs, subject to continued service through the vesting date of March 6, 2024. "Adjusted revenue" means revenue excluding contract manufacturing revenue to Pfizer.

		<b>3-Year Adjusted Revenue CAGR (Base Year = 2020 Actual Results)</b>				
		<b>1%</b>	<b>2%</b>	<b>3%</b>	<b>4%</b>	<b>5%</b>
<b>2-Year EPS CAGR (Base Year = 2021 Annual Operating Plan )</b>	<b>0%</b>	0.0x	0.25x	0.5x	0.75x	1.0x
	<b>3%</b>	0.25x	0.5x	0.75x	1.0x	1.25x
	<b>6%</b>	0.5x	0.75x	1.0x	1.25x	1.75x
	<b>9%</b>	0.75x	1.0x	1.25x	1.75x	2.25x
	<b>12%</b>	1.0x	1.25x	1.75x	2.25x	2.5x

Based on the Company's actual three-year adjusted revenue CAGR and two-year Adjusted Diluted EPS CAGR for the relevant performance period ending on December 31, 2023 of over 5% and 1.18%, respectively, the 2021 PRSUs were earned at 1.1x target.

In 2022, we granted PRSUs to our named executive officers which had a performance period commencing on January 1, 2022 and ending on December 31, 2023 and would be earned, if at all, subject to the achievement of net synergy savings targets related to the Smiths Medical acquisition achieved during the performance period, which when reviewed against the predetermined targets (shown below) could result in the vesting of 0% to 200% of the target number of PRSUs, subject to continued service of the vesting date of March 7, 2024. Based on the Company's actual net synergies achieved over the performance period of \$52 million, the 2022 PRSUs were earned at 200% of target.

<b>"Net Synergy Savings" Target</b>	<b>Vesting Percentage</b>
Less than \$25,000,000	— %
\$35,000,000	100 %
\$45,000,000 or over	200 %

### ***Severance and Change in Control Payments and Benefits***

#### *Severance and Change in Control Arrangements with our Named Executive Officers*

We have entered into an amended and restated employment agreement with our CEO that provides for severance and change in control benefits, and maintain a Severance Plan, in which the remaining named executive officers participate. These arrangements provide for severance payment and benefits upon a qualifying termination of employment, both outside and in the change in control context, as described in greater detail below in "Potential Payments upon Termination or Change in Control." We believe that these payments and benefits are essential for us to fulfill our objective of attracting and retaining key managerial talent.

#### *Equity Plan*

In addition, under our Amended and Restated 2011 Stock Incentive Plan, equity awards granted to the named executive officers will accelerate and vest in full upon a change in control of the Company if the surviving entity does not assume or replace such outstanding awards with economically equivalent awards (as opposed to accelerating in full upon a “single-trigger” change in control). If PRSUs are assumed or replaced then they will be deemed earned in accordance with the award agreement and will remain outstanding and eligible to vest on the same vesting schedule, subject to the grantee’s continued service.

### ***Health and Welfare Benefits; Perquisites***

All of our full-time employees, including our named executive officers, are eligible to participate in our health and welfare plans. The Company does not provide pension or other post-retirement benefits, other than matching contributions under the Company’s 401(k) retirement plan. The Company does not provide perquisites or other personal benefits to our executive officers.

### **Stock Ownership Guidelines**

We maintain established stock ownership guidelines for our CEO and the non-employee members of our Board discussed below in “Compensation of Directors.” Our CEO has up to five years from the time of appointment to acquire and retain shares of our Common Stock that equal or exceed five times his annual base salary pursuant to the terms of such guidelines. We also maintain stock ownership guidelines for our remaining executive officers pursuant to the terms of such guidelines. These executive officers have up to five years to acquire and retain shares of our Common Stock that equal the annual base salary of the executive officer. Shares beneficially owned by our CEO, our other executive officers, directly or indirectly, such as shares held by an immediate family member living in the same household or shares in a trust, and vested restricted shares and shares represented by vested RSUs, count toward meeting the stock ownership guidelines. All of our executive officers who have met the five year mark are in compliance with the stock ownership guidelines.

### **Anti-Pledging / Hedging Policies**

All executive officers and non-employee members of our Board are prohibited from engaging in any speculative transactions in Company securities, including share pledging, engaging in short sales, engaging in transactions in put options, call options or other derivative securities, or engaging in any other forms of hedging transactions.

### **Clawback Policy**

We have adopted a compensation recovery policy that requires the recovery of certain erroneously paid incentive compensation received by our Section 16 officers on or after October 2, 2023, as required by new SEC rules and NASDAQ Listing Rules implemented pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”), and which can be recovered from time-vesting or performance-vesting equity compensation (in addition to other forms of compensation).

### **Tax and Accounting Considerations**

#### ***Section 280G of the Code***

Section 280G of the Code disallows a tax deduction with respect to excess parachute payments to certain executives of companies that undergo a change in control. In addition, Section 4999 of the Code imposes a 20% penalty on the individual receiving the excess payment.

Parachute payments are compensation that is linked to or triggered by a change in control and may include, but are not limited to, bonus payments, severance payments, certain fringe benefits, and payments and acceleration of vesting from long-term incentive plans including stock options and other equity-based compensation. Excess parachute payments are parachute payments that exceed a threshold determined under Section 280G of the Code based on the executive’s prior compensation. In approving the compensation arrangements for our named executive officers in the future, the Compensation Committee will consider all elements of the cost to the Company of providing such compensation, and will include the potential impact of Section 280G of the Code. However, the Compensation Committee may, in its judgment, authorize compensation arrangements that could give rise to loss of deductibility under Section 280G of the Code and the imposition of excise taxes under Section 4999 of the Code when it believes that such arrangements are appropriate to attract and retain executive talent.

### *Accounting Considerations*

ASC Topic 718, Compensation-Stock Compensation, or ASC Topic 718, requires us to recognize an expense for the fair value of equity-based compensation awards. Grants of stock options and RSUs under our equity incentive award plans are accounted for under ASC Topic 718. The Compensation Committee regularly considers the accounting implications of significant compensation decisions, especially in connection with decisions that relate to our equity incentive award plans and programs. As accounting standards change, we may revise certain programs to appropriately align accounting expenses of our equity awards with our overall executive compensation philosophy and objectives.

## Summary Compensation Table

The following table shows all compensation awarded to, earned by or paid to each of our principal executive officer, principal financial officer, and the next three most highly compensated executive officers in 2023. “Non-equity incentive plan compensation” and “bonus” amounts in the table below are included in the year earned rather than the year actually paid; a portion of certain amounts may be paid in the year following the year earned.

- (1) The amounts for all named executive officers represent the discretionary cash bonuses earned by the named executive officers for fiscal years 2023, 2022 and 2021 under our MIP.
- (2) Consistent with our historical timing for annual equity grants, on March 8, 2023, our Compensation Committee approved the value of the 2023 equity awards for all eligible employees of the Company, including our named executive officers, whose equity award values are disclosed in the table below. The number of equity award shares issued to all employees, including our named executive officers, was determined based on the closing stock price of \$156.17 on March 8, 2023. However, the grants for our named executive officers were subject to shareholder approval of additional shares available for issuance under our Amended and Restated 2011 Stock Incentive Plan at the May 17, 2023 Annual Meeting of Stockholders and was approved at the meeting. As a result, the stock award values reflected in the Summary Compensation Table above are calculated using the closing stock price on May 17, 2023 of \$190.02 in accordance with ASC Topic 718. The difference between the stock award values in the table below and the Summary Compensation Table above reflects the change in the stock price between the date the number of shares were determined on March 8, 2023 and the actual grant date which occurred on May 17, 2023 when the additional shares available for issuance were approved by the stockholders.

Name	Time-based RSUs Value (\$)	Performance-based RSUs Target Value (\$)	Total Stock Award
Vivek Jain	2,250,000	2,250,000	4,500,000
Brian Bonnell	1,500,000	1,500,000	3,000,000

Dan Woolson	—	1,350,000	1,350,000
Virginia Sanzone	750,000	750,000	1,500,000

The grant date fair value of PRSUs is based on the closing stock price on the date of grant and the probable outcome of the applicable performance conditions, which is the target value. We provide information regarding the assumptions used to calculate the value of all stock awards made to executive officers in Note 6 to the consolidated financial statements contained in our Annual Report on Form 10-K, filed on February 27, 2024. There can be no assurance that awards will vest (if an award does not vest, no value will be realized by the individual). The following table presents the grant-date fair values of the 2023 PRSUs (target and maximum) for each named executive officer.

Name	Performance-Based RSUs	
	Target (\$)	Maximum (\$)
Vivek Jain	2,777,332	6,943,330

Dan Woolson	1,666,475	1,666,475
Virginia Sanzone	925,777	2,314,443

- (3) The amounts for all named executive officers represent the cash bonuses earned by the named executive officers for the respective fiscal years based on the achievement of Adjusted EBITDA and, for 2023, FCF goals under our Performance-Based Incentive Plan and MIP.
- (4) Other compensation includes our match on the officer's 401(k) contributions.

The amounts actually earned by our named executive officers from this bonus arrangement in 2023 are reflected in the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table. The material terms of the Performance-Based Incentive Plan are discussed above under the caption "Annual Cash Incentive."
- (3) Performance RSUs are granted under our Amended and Restated 2011 Stock Incentive Plan and, for the named executive officers, other than Mr. Woolson, have a performance period of three years from January 1, 2023 to December 31, 2025. For the named executive officers, the PRSUs will be earned, if at all, upon the achievement of minimum pre-established three-year adjusted revenue and three-year Adjusted EBITDA compound annual growth rates (each weighted 50%) over the performance period. If the Company does not achieve the threshold performance metric, then none of the performance RSUs will be earned and the performance RSUs will be forfeited. The performance shares will vest, if earned, subject to continued service.

through the March 15, 2026 vesting date. For Mr. Woolson, the PRSUs vest on the first, second and third anniversaries of March 15, 2023, subject to continued service through the applicable vesting date and the achievement of pre-established individual performance goals.

(4) Amounts reflect the number of RSUs granted under our Amended and Restated 2011 Stock Incentive Plan and vest ratably on the anniversary of the grant over three years.

- (3) RSU award granted on 05/17/2023 and vests one-third annually. Market value is determined based on the closing price of our stock at December 29, 2023 (the last trading day of the year) of \$99.74.
- (4) Performance RSUs granted on 03/08/2021 vested on March 8, 2024, subject to continuous service through such date. The performance period for the 2021 PRSUs ended on December 31, 2023. The PRSUs were awarded with a potential to earn up to a 250% maximum upon the achievement of a minimum pre-established three-year cumulative adjusted revenue compound annual growth rate and two-year Adjusted Diluted EPS compound annual growth rate (each weighted 50%) over a three-year performance period ending on December 31, 2023. Based on the actual results of the Company over the performance period, the shares were earned at 1.1x the target number of shares awarded. Market value is determined based on the closing price of our stock at December 29, 2023 (the last trading day of the year) of \$99.74.
- (5) Performance RSUs granted on 03/07/2022 vested on March 7, 2024, subject to continuous service through such date. The performance period for the PRSUs ended on December 31, 2023. The PRSUs were awarded with a potential to earn up to a 200% maximum upon the achievement of net synergy savings achieved by the Company from January 1, 2022 through December 31, 2023 related to the Smiths Medical transaction. Based on the actual results of the Company over the performance period, the shares were earned at 200% of the target number of shares awarded. Market value is determined based on the closing price of our stock at December 29, 2023 (the last trading day of the year) of \$99.74.
- (6) Performance RSUs granted on 05/17/2023 will vest, if at all, up to a 250% maximum upon the achievement of a minimum pre-established three-year cumulative adjusted revenue growth rate and cumulative Adjusted EBITDA compound annual growth rate (each weighted 50%) over a three-year performance period ending on December 31, 2025. If the Company does not achieve the threshold performance metric, zero shares will be earned and the performance RSUs will be forfeited. Shares of our Common Stock subject to the performance RSUs that are earned will vest in full on March 15, 2026, subject to continued service on such date. Unearned shares and market value is determined based on the closing price of our stock at December 29, 2023 (the last trading day of the year) of \$99.74 and assumes the threshold achievement level was reached. In calculating the number of performance shares and their value, we are required by SEC rules to compare the Company's performance through 2023 under each outstanding performance award against the threshold, target, and maximum performance levels for the grant and report in this column the applicable potential payout amount. If the performance is between levels, we are required to report the potential payout at the next highest level. For example, if the previous fiscal year's performance exceeded target, even if it is by a small amount and even if it is highly unlikely that we will pay the maximum amount, we are required by SEC rules to report the awards using the maximum potential payouts.
- (7) Performance RSUs granted on 03/08/2021 vested in thirds on March 8th on each of 2022, 2023 and 2024, subject to the CEO and Compensation Committee's determination that pre-established individual performance goals have been met with respect to each applicable year and continued service through such vesting date. If the Compensation Committee determines that the named executive officers' individual performance goals have not been met then zero shares will be earned and the performance RSUs will remain outstanding and eligible to vest at the subsequent vesting dates with forfeiture at the final vesting date if the performance requirements were never met. Unearned shares and market value is determined based on the closing price of our stock at December 29, 2023 (the last trading day of the year) of \$99.74 and assumes the maximum achievement level was reached.
- (8) Performance RSUs granted on 05/17/2023 shall vest in thirds on March 15th on each of 2024, 2025 and 2026, subject to the CEO and Compensation Committee's determination that pre-established individual performance goals have been met with respect to each applicable year and continued service through such vesting date. If the Compensation Committee determines that the named executive officers' individual performance goals have not been met then zero shares will be earned and the performance RSUs will remain outstanding and eligible to vest at the subsequent vesting dates with forfeiture at the final vesting date if the performance requirements were never met. Unearned shares and market value is determined based on the closing price of our stock at December 29, 2023 (the last trading day of the year) of \$99.74 and assumes the maximum achievement level was reached.

## Potential Payments upon Termination or Change in Control

### *Amended and Restated Employment Agreement with Mr. Jain*

In the event that Mr. Jain's employment terminates as a result termination by the Company without "cause", by Mr. Jain for "good reason", by reason of a non-renewal of the term by the Company and Mr. Jain is willing and able, at the time of such non-renewal, to continue performing services under the Agreement, or due to "disability" or death, he will receive, subject to delivery and non-revocation of a general release of claims in favor of the Company:

- if such termination occurs not in connection with or following a change in control, (i) a lump sum payment in cash equal to one and a half times the sum of (x) his base salary and (y) target bonus for the year of termination; and (ii) full vesting of the shares subject to any then-outstanding Company equity-based awards (with all performance goals or other vesting criteria deemed to be achieved at 100%) granted to Mr. Jain between January 1, 2020 to December 31, 2021;
- if such termination occurs during the period beginning on and including 60 days prior to a change in control and ending on and including the two-year anniversary of the date of a change in control, a lump sum payment in cash equal to (i) two times the sum of (x) his base salary and (y) target bonus for the year of termination; and (ii) full vesting of the shares subject to any then-outstanding Company time-based equity-based awards and each other equity award granted to Mr. Jain between January 1, 2020 and December 31, 2021, (with all performance goals or other vesting criteria deemed to be achieved at 100%);
- Company-paid healthcare continuation coverage for Mr. Jain and his dependents for up to eighteen months after the termination date;
- a pro-rated lump-sum cash performance bonus for the year of termination, calculated based on the achievement of applicable performance goals or objectives for the year of termination; and

- extension of the exercise period for all of Mr. Jain's outstanding Company stock options, to the extent vested, for a period of three years following the termination date, but in no event later the ten year term/expiration date of the applicable option.

In addition, in the event that any of the payments or benefits under the Agreement or otherwise would become subject to excise taxes imposed by Section 4999 of the Code, such payments will be reduced to the extent that such reduction would produce a better net after-tax result for Mr. Jain.

#### *Severance Plan*

We adopted the Severance Plan for our named executive officers, other than the CEO. Under the Severance Plan, in the event of a termination of employment by the Company without "cause" or by the named executive officer for "good reason" (each, as defined in the Severance Plan), in either case outside the change in control context, the named executive officer will be eligible to receive:

- a lump-sum cash payment in an amount equal to 12 months' salary;
- Company-paid COBRA premium payments for the named executive officer and the named executive officer's covered dependents for up to 12 months; and
- a pro-rated lump-sum cash performance bonus, calculated based on the achievement of applicable performance goals or objectives for the year of termination.

In the event of a termination of employment by the Company without "cause" or by the named executive officer for "good reason", in either case, within the period beginning 60 days prior to a "change in control" (as defined in the Severance Plan) and ending on the one-year anniversary of such change in control, the Severance Plan provides that the named executive officer will be eligible to receive:

- a lump-sum cash payment in an amount equal to 18 months' salary, plus 150% of the named executive officer's target annual cash performance bonus for the year of termination;
- Company-paid COBRA premium payments for the named executive officer and the named executive officer's covered dependents for up to 18 months;
- a pro-rated lump-sum cash performance bonus, calculated based on the achievement of applicable performance goals or objectives for the year of termination; and
- full accelerated vesting of each outstanding time-based equity award held by the named executive officer as of his or her termination date.

The named executive officer's right to receive the severance payments and benefits described above is subject to his or her delivery and non-revocation of a general release of claims in favor of the Company, and his or her continued compliance with non-solicitation covenants.

In addition, in the event that any payment under the Severance Plan, together with any other amounts paid to the named executive officer by the Company, would subject the named executive officer to an excise tax under Section 4999 of the Code, such payments will be reduced to the extent that such reduction would produce a better net after-tax result for the named executive officer.

#### *Equity Plan*

Under our Amended and Restated 2011 Stock Incentive Plan, all equity awards granted to our named executive officers under the plan will only accelerate and vest in full upon a change in control of the Company if the surviving entity does not assume or replace such outstanding awards with economically equivalent awards (as opposed to accelerating in full upon a "single-trigger" change in control).

#### *Definitions*

For the purposes of the arrangements in place in 2021 (e.g., Mr. Jain's employment agreement, the Amended and Restated 2011 Stock Incentive Plan and the Severance Plan), a change in control generally means the following:

- the acquisition by an individual, entity or group of beneficial ownership of 50% or more of either the outstanding Common Stock or voting securities of the Company; or a change in the composition of the majority of the Board, which is not supported by a majority of the current Board; or
- a major corporate transaction, such as a reorganization, merger or consolidation or sale or disposition of all or substantially all of the Company's assets (unless certain conditions are met); or
- approval of the stockholders of the Company of a complete liquidation or dissolution of the Company.

For the purposes of Mr. Jain's employment agreement, cause generally means the following:

- his gross neglect and willful and repeated failure to substantially perform his assigned duties, which failure is not cured within 30 days after a written demand for substantial performance is received by him from the Board which identifies the manner in which the Board believes he has not substantially performed his duties; or
- his engagement in illegal conduct or gross misconduct which is materially and demonstrably injurious to the Company; or
- his conviction of, or plea of no contest to, a felony or a crime involving fraud, embezzlement, or theft; or
- his improper and willful disclosure of the Company's confidential or proprietary information where such disclosure causes (or should reasonably be expected to cause) significant harm to the Company.

For the purposes of the Severance Plan, cause generally means the following:

- the employee's intentional, willful and continuous failure to substantially perform his or her reasonable assigned duties (other than any such failure resulting from incapacity due to physical or mental illness or any failure after the employee gives notice of termination for good reason), which failure is materially and demonstrably injurious to the Company, and which failure is not cured within 30 days after a written demand for substantial performance and is received by the employee from the Board which specifically identifies the manner in which the Board believes the employee has not substantially performed the employee's duties; or
- the employee's intentional and willful engagement in illegal conduct or gross misconduct which is materially and demonstrably injurious to the Company or is intended to result in substantial personal enrichment; or
- the employee's conviction for a felony or the employee's plea of nolo contendere in connection with a felony indictment.

For the purposes of Mr. Jain's employment agreement, good reason generally means the following and occurs without the employee's written consent and is not due to a circumstance applied by the Company to a group of similarly situated employees:

- any material diminution in his duties, responsibilities or authority; or
- a material reduction in his annual base salary; or
- a requirement that he reports to a corporate officer or employee instead of reporting directly to the Board; or
- a material change in the location that he performs his principal duties, resulting in a material increase in the daily commuting distance; or
- a material breach by the Company.

For the purposes of the Severance Plan, good reason generally means the following and occurs without the employee's written consent and is not due to a circumstance applied by the Company to a group of similarly situated employees:

- any significant diminution in the employee's duties, responsibilities or authority; or
- a material reduction in the employee's annual base salary; or
- a material change in the location the employee performs their principal duties, resulting in a material increase in the daily commuting distance.

The following table summarizes the payments and benefits that would have been made if the employment of a named executive officer had been terminated without cause by the Company or for good reason by the named executive officer (or, with respect to Mr. Jain, upon a non-renewal of the term by the Company and Mr. Jain is willing and able, at the time of such non-renewal, to continue performing services under the Agreement or his death or disability) in connection with a change in control of the Company on December 31, 2023:

## Director Compensation

In 2023, our non-employee directors received an annual cash retainer paid on a quarterly basis as follows:

	Board	Lead Director	Audit Committee	Compensation Committee	Nominating/Corporate Governance Committee
Annual Retainer - chairperson	—	\$ 98,500	\$ 102,000	\$ 92,500	\$ 85,000
Annual Retainer - member	\$ 75,000	—	—	—	—

In 2023, our non-employee directors also received equity awards of RSUs valued at approximately \$180,000. As a result, in May 2023, each non-employee director received 948 RSUs which fully vest on the earlier to occur of (i) the first anniversary of the grant date and (ii) the date of the next annual meeting following the grant date, subject to such director's continued service through the applicable vesting date.

While Dr. Lopez remains a member of the Board, Dr. Lopez has waived any annual retainer, meeting fees and equity payments made to non-employee members of the Board for their service. Dr. Lopez formerly served as an employee in our Research and Development Department, and terminated his employment with us effective September 30, 2015.

Pursuant to the Shareholder's Agreement between the Company and Smiths Group International Holdings Limited ("Smiths Group") a wholly owned subsidiary of Smiths Group plc., Smiths Group has the right to designate one individual for election to the Board so long as Smiths Group beneficially owns at least 5% of the total outstanding shares of Company Common Stock. Such Smiths Group designated director nominee will not be compensated for his or her service on the Board. In 2023, Mr. Seeger was the Smiths Group designated director nominee and on February 28, 2024, Mr. Seeger resigned as a member of our Board.

The following table shows all compensation awarded to, earned by or paid to our non-employee directors for service as a director in 2023.

(1) Mr. Jain, our CEO, is not included in this table as he was an employee of the Company in 2023 and did not receive compensation for his services as a director. All compensation paid to Mr. Jain for the services he provided to us in 2023 is reflected in the Summary Compensation Table.

(2) On May 17, 2023, each non-employee director who was then in service was granted 948 RSUs of the Company with a grant date fair value of \$180,139. The fair value of the RSUs is based on the market price of our Common Stock on the date of the grant, or \$190.02 per share. We provide information regarding the assumptions used to calculate the value of all stock awards made to directors in Note 6 to the consolidated financial statements contained in our Annual Report on Form 10-K, filed on February 27, 2024. There can be no assurance that awards will vest (if an award does not vest, no value will be realized by the individual). As of December 31, 2023, each of Messrs. Greenberg, Hoffmeister, and Abbey and Meses. Finney, Hernandez and Kennedy had 948 RSUs outstanding and each held options to purchase shares of our common Stock as follows: Mr. Greenberg 13,522; Mr. Hoffmeister 6,419; Mr. Abbey 6,419; Ms. Finney 9,469; Ms Hernandez 2,325 and Ms. Kennedy 1,650.

(3) Mr. Seeger was resigned as a member of our Board of Directors on February 28, 2024.

### Stock Ownership Guidelines

In 2011, we established stock ownership guidelines for the members of our Board. Our non-employee directors have up to five years from the adoption of the guidelines or within five years of joining the Board, if appointed or elected after 2011, to acquire and retain shares of our Common Stock that equal or exceed three times their annual base retainer pursuant to the terms of such guidelines. Shares beneficially owned by our non-employee directors, directly or indirectly, such as shares held by an immediate family member living in the same household or shares in a trust, and vested restricted shares and shares represented by vested RSUs, count toward meeting the stock ownership guidelines.

### ***CEO Pay Ratio***

As required by Section 953(b) of the Dodd-Frank Act and Item 402(u) of Regulation S-K, we are providing the following information regarding the relationship of the annual total compensation of Vivek Jain, our CEO, to the annual total compensation of our median compensated employee. We consider the pay ratio specified below to be a reasonable estimate, calculated in a manner that is intended to be consistent with the requirements of Item 402(u) of Regulation S-K.

We have a globally diverse workforce with more than half of our employees located outside the United States ("U.S.") in locations where the cost of living is significantly below the U.S., including developing and emerging markets such as Mexico, Costa Rica, and India. The compensation elements and pay levels of our employees can vary dramatically by country based on the cost of living and the cost of labor, which impacts the median employee compensation and resulting CEO pay ratio.

For 2023, our last completed fiscal year:

- the annual total compensation of the employee who represents our median compensated employee (other than our CEO) was approximately \$19,123; and
- the annual total compensation of our CEO, as reported in the Summary Compensation Table included above, was \$6,810,975

Based on this information, for 2023, our CEO's annual total compensation was approximately 356 times that of the median compensated employee (other than the CEO).

### **Determining the Median Employee**

#### ***Employee Population***

We used our employee population data as of December 31, 2023, as the reference date for identifying our median employee. As of such date, our employee population consisted of approximately 14,000 individuals.

#### ***Methodology for Determining Our Median Employee***

To identify the median employee from our employee population, we selected annual base pay as the most appropriate measure of compensation. We believe the use of annual base pay for all employees is a consistently applied compensation measure because we do not widely distribute annual equity awards to employees. Currently less than 3% of our employees receive annual equity awards.

### **Annual Total Compensation of Median Compensated Employee**

With respect to the annual total compensation of the employee who represents our median compensated employee, we calculated the elements of such employee's compensation for 2023 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of approximately \$19,123.

### **Annual Total Compensation of CEO**

With respect to the annual total compensation of our CEO, we used the amount reported in the "Total" column of our 2023 Summary Compensation Table included in this Proxy Statement.

### **Pay Versus Performance**

<sup>(3)</sup> Amounts reported in the applicable column represent (i) the compensation actually paid to the PEO and (ii) the average compensation actually paid to the non-PEO NEOs. The valuation assumptions used to determine the change in the fair market value of the respective PEO and non-PEO NEO equity awards for each respective year use the stock price as of year-end or as of the applicable exercise/vesting date. See the tables below for additional information with respect to the equity award adjustments.

The separate peer group used by the Compensation Committee for purposes of determining compensation paid to our executive officers is described on page 14.

<sup>(5)</sup> As noted in the CD&A, for 2023, the Compensation Committee determined that Adjusted EBITDA serves as one of the most important financial measurements of the Company's performance and shareholder value creation and, accordingly, was utilized as a component in the 2023 LTI Program. Adjusted EBITDA is a non-GAAP measure. Our reconciliation of net income to Adjusted EBITDA is included in Annex A to this proxy statement.

#### **COMPENSATION POLICIES AND PRACTICES AND RISK MANAGEMENT**

Our Compensation Committee considers potential risks when reviewing and approving the compensation programs for our executive officers and other employees. We have designed our compensation programs, including our incentive compensation plans, with specific features to address potential risks while rewarding employees for achieving long-term financial and strategic objectives through prudent business judgment and appropriate risk taking. The following elements have been incorporated in our programs available for our executive officers:

- A balanced mix of compensation components - The target compensation mix for our executive officers is composed of base salary, annual cash bonus incentives, and long-term equity awards.
- Performance factor - Our incentive compensation plan uses a Company-wide metric for all executive officers to establish funding of our MIP which encourages focus on the achievement of objectives for the overall benefit of the Company.
- Capped cash incentive awards - MIP awards are capped at 150% of target of the individual named executive officer. We overemphasize equity opportunities relative to cash opportunities in order to motivate our executives to focus on long-term value creation and accordingly have under-weighted both salary and cash incentive awards relative to equity-based compensation.
- Multi-year vesting - Equity awards vest over multiple years requiring long-term commitment on the part of employees.
- Competitive positioning - The Compensation Committee has compared our executive compensation to our peers to ensure our compensation program is consistent with industry practice.
- Corporate governance programs - We have implemented corporate governance guidelines, a code of conduct and other corporate governance measures and internal controls.

The Compensation Committee also reviews the key design elements of our compensation programs in relation to industry practices, as well as the means by which any potential risks may be mitigated, such as through our internal controls and oversight by management and the Board. Based on this review, our Compensation Committee concluded that based on a combination of factors, our compensation policies and practices do not incentivize excessive risk-taking that could have a material adverse effect on our Company.

## EQUITY COMPENSATION PLAN INFORMATION

We maintain our Amended and Restated 2011 Stock Incentive Plan under which we may grant RSUs and other equity awards to our employees, directors and consultants. We also have a 2014 Inducement Stock Incentive Plan under which we have granted 250,405 RSUs and options to purchase our Common Stock. We also have an Employee Stock Purchase Plan, however this plan was suspended in 2017 and the remaining shares available for issuance under the plan expired during 2022. Further information about the plans is in Note 6 to the Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2023.

Information about the plans at December 31, 2023 is as follows:

Plan Category	Number of shares to be issued upon exercise of outstanding options, warrants and rights		Weighted-average exercise price of outstanding options, warrants and rights	Number of shares remaining available for future issuance under equity compensation plans (excluding shares reflected in column (a))
	(a)	(1)	(b)	(c)(3)
Equity compensation plans approved by stockholders	861,630	(1)	\$82.95	1,857,752
Equity compensation plans not approved by stockholders	—		—	—
<b>Total</b>	<b>861,630</b>			<b>1,857,752</b>

- (1) This number includes the following: 861,630 shares subject to outstanding awards granted under our Amended and Restated 2011 Stock Incentive Plan, of which 459,828 shares were outstanding stock options, 242,811 were outstanding RSU awards and 158,991 were outstanding performance RSU awards (performance RSU awards are based on “target” performance).
- (2) The weighted average exercise price in column (b) does not take into account the outstanding RSUs and PRSUs, which do not have an exercise price.
- (3) This number includes 1,857,752 shares of Common Stock available for issuance under our Amended and Restated 2011 Stock Incentive Plan. The number of shares remaining available for future issuance is based upon the vesting of the issued performance RSU awards if the target performance metric is achieved.

In 2014 we adopted our 2014 Inducement Stock Incentive Plan. Pursuant to applicable stock exchange rules, stockholder approval of the 2014 Plan is not required as a condition of the effectiveness of the 2014 Plan. A description of the principal features of the 2014 Plan is set forth below.

The 2014 Plan is administered by our independent compensation committee which can authorize the issuance of any type of arrangement that is not inconsistent with the provisions of the 2014 Plan and can be granted to individuals who have not previously been an employee or director of the Company or a related entity. The maximum aggregate number of shares which may be issued pursuant to all awards under the 2014 Plan is 250,405 shares. The administrator determines the provisions, terms, and conditions of each award including, but not limited to, the award vesting schedule, repurchase provisions, rights of first refusal, forfeiture provisions, form of payment (cash, shares, or other consideration) upon settlement of the award, payment contingencies, and satisfaction of any performance criteria. The term of each award shall be the term stated in the award agreement, provided, however, that the term of any award shall be no more than ten years from the date of grant. As of December 31, 2023, there were no remaining shares issuable or exercisable under this plan.

## CORPORATE GOVERNANCE

### Board of Directors Structure

#### *Board Diversity*

In addition to selecting highly qualified candidates, the Board believes in creating a Board of Directors with varied backgrounds, experiences and cultures who bring a diverse range of perspectives that fosters enhanced decision making and promotes better corporate governance. Over half of the Company's current Board members self-identify as women or as racially/ethnically diverse individuals. The more detailed Board diversity matrix can be found at [www.icumed.com](http://www.icumed.com) under Corporate Governance - Board of Directors:

### Board Diversity As of March 19, 2024

<b>Total Number of Directors</b>	8
Female	3
Racially/Ethnically Diverse	3

#### Board Tenure

We also believe that a variety of tenures on our Board helps to provide an effective mix of in depth knowledge and new perspectives. Although we do not limit the time a director can serve on the Board, our director retirement policy requires a director to retire upon their 76th birthday. While we do value Board refreshment we also value the deeper knowledge gained from being a long-term director. The current tenure of our Board is as follows:

#### Director Independence

The Board has determined that directors Messrs. Greenberg, Abbey, and Hoffmeister, Ms. Finney, Ms. Hernandez and Ms. Kennedy qualify as "independent" as defined under Nasdaq Listing Rules. In determining director independence, the Board considers transactions and relationships between each director or director nominee (and such director's immediate family) and the Company and its affiliates against the independence requirements of Nasdaq.

#### Board Meetings and Committees and Attendance at Meetings

Our Board currently consists of eight directors who we believe contribute the breadth of knowledge and experience necessary for the advancement of our business strategies and objectives. Additionally, our Board has three standing committees the Audit Committee and Compliance Committee (the "Audit Committee"), the Nominating Committee and the Compensation Committee, each of which operates under a written charter and which are available on the investor section of our website, [www.icumed.com](http://www.icumed.com), under Committee Composition. The current chairs and members of these committees are identified in the following table:

During 2023, the Board met four times, the Nominating Committee met three times, the Compensation Committee met four times and the Audit Committee met four times. All of our directors attended more than 75% of the total of all meetings of the Board and committees on which they served during 2023.

It is the policy of the Company to invite and encourage all members of the Board to attend each annual meeting of stockholders, which are generally held by remote communication. Six of our directors attended the 2023 Annual Meeting of Stockholders.

### **Board Leadership Structure**

Vivek Jain is our CEO and Chairman of the Board. The Board believes that Mr. Jain is best situated to serve as Chairman of the Board based upon his significant leadership position with the Company and his extensive knowledge about the industry. In addition, the Board believes that Mr. Jain's combined roles as Chairman and CEO position him to effectively identify strategic priorities for the Company and to lead Board discussions on the execution of Company strategy. The Board believes that the combined role of Chairman and CEO helps promote the Company's overall strategic development and facilitates the efficient flow of information between management and the Board.

The Board also believes that strong, independent Board leadership is a critical component of effective corporate governance, therefore, the Board established the position of Lead Independent Director and adopted a Lead Independent Director Charter. During 2023, David C. Greenberg was appointed to serve in the Lead Independent Director position.

The Lead Independent Director is elected annually by a majority of the independent directors upon receiving a recommendation from the Nominating Committee. The Lead Independent Director's responsibilities are set forth in the Lead Independent Director Charter adopted by the Board and Nominating Committee, and include, among others:

- presiding at meetings of the Board at which the Chairman is not present, including executive sessions of the independent directors;
- consulting with the Chairman as to an appropriate schedule of Board meetings;
- approving meeting agendas for the Board;
- advising the Chairman as to the quality, quantity, and timeliness of the information submitted by the Company's management that is necessary or appropriate for the independent directors to effectively and responsibly perform their duties;
- serving as principal liaison between the Chairman and the independent directors; and
- performing other duties specified in the Lead Independent Director Charter.

Our Lead Independent Director Charter can be found on our website at [www.icumed.com](http://www.icumed.com). The independent directors regularly meet in executive sessions in connection with regular meetings of the Board.

### **Board Oversight of Risk**

The Board is responsible for oversight of the various risks facing the Company. In this regard, the Board seeks to understand and oversee the most critical risks relating to our business, allocate responsibilities for the oversight of risks among the full Board and its committees, including its Audit, Nominating, and Compensation Committees, and see that management has in place effective systems and processes for managing risks facing us. Overseeing risk is an ongoing process and risk is inherently tied to our strategy and to strategic decisions. Accordingly, the Board considers risk throughout the year and with respect to specific proposed actions. While the Board is responsible for oversight and direction, management is charged with identifying risk and establishing appropriate internal processes and an effective internal control environment to identify and manage risks and to communicate information about risk to the Board. Committees of the Board also play an important role in risk oversight, including the Audit Committee, which oversees our processes for assessing risks and the effectiveness of our internal controls and our cybersecurity and other information technology risks, including management's implementation of our

cybersecurity risk management program, as well as major financial and compliance risk exposures and the steps management has taken to monitor and control such exposures. In fulfilling its duties, the Audit Committee considers information from our independent registered public accounting firm, Deloitte & Touche LLP, and our internal auditors and, with respect to our cybersecurity risk management, information from our Chief Information Officer. Additionally, the Compensation Committee reviews the Company's incentive, equity-based and other compensatory plans of the Company to determine whether they encourage excessive risk-taking, review and discusses at least annually the relationship between risk management policies and practices and compensation and evaluate compensation policies and practices that could mitigate any such risk. The oversight of the Company's compensation policies and profile with management are designed to confirm that compensation supports the Company's goals and strategic objectives without creating risks that may have a material adverse effect on the Company. See "Executive Officer and Director Compensation-Compensation Policies and Practices and Risk Management" for further information about our risk management policies.

### **Code of Ethics**

The Company has adopted a Code Conduct and Business Ethics for Directors and Officers, which applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions. A copy is available on the Company's website, [www.icumed.com](http://www.icumed.com) under the About Us section within Corporate Policies and Disclosures. The Company intends to make any required disclosures regarding amendments to, or waivers of, provisions of its Code of Business Conduct and Ethics for Directors and Officers on its website rather than by filing a Current Report on Form 8-K.

### **Nominating Committee**

The Nominating Committee currently consists of Ms. Finney (Chairperson), Mr. Abbey, Ms. Hernandez and Ms. Kennedy, each of whom the Board has determined is independent as defined by the NASDAQ Listing Rules. The Nominating Committee operates pursuant to a written charter adopted by the Board, a copy of which can be found under the Investors Relations section of the Company's website, [www.icumed.com](http://www.icumed.com). The Nominating Committee's role is to recommend to the Board policies on Board composition and criteria for Board membership, to identify individuals qualified to serve as directors and approve candidates for director and to recommend directors for appointment to committees of the Board. The Nominating Committee also makes recommendations to the Board concerning the nomination of the Lead Independent Director, the Company's Corporate Governance Guidelines and Codes of Ethics and Business Conduct, oversees internal investigations of conduct of senior executives, if necessary, and conducts evaluations of the performance of the Board.

In evaluating and determining whether to recommend a person as a candidate for election as a director, the Nominating Committee considers, among other things, relevant management and/or industry experience; values such as integrity, accountability, judgment and adherence to high performance standards; independence pursuant to the guidelines set forth in the Nasdaq Listing Rules; diversity; ability and willingness to undertake the requisite time commitment to Board service; and an absence of conflicts of interest with the Company. Pursuant to our director retirement policy that was adopted on April 30, 2015, no person may stand for election following his or her 76th birthday, and each serving director must resign upon his or her 76th birthday. The policy also requires that as a condition for the nomination of any director who would reach the age of 76 before the end of his or her term, he or she must submit an advance irrevocable resignation that becomes effective on the director's 76th birthday.

While the Nominating Committee does not have a specific policy in place, it believes that diversity brings different perspectives to a board of directors, which leads to a more varied approach to board issues. The Company has a general non-discrimination policy, which the Nominating Committee observes when considering candidates for the Board. While not giving specific weight to any aspect of diversity, the Board believes that its current composition has an appropriate level of diversity with respect to ethnicity and professional experience.

The Nominating Committee may employ a variety of methods for identifying and evaluating nominees for director. The Nominating Committee will assess the need for particular expertise on the Board, the upcoming election cycle of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating Committee will consider various potential candidates for director that may come to the Nominating Committee's attention through current directors, the Company's professional advisors, stockholders or others.

The Nominating Committee will consider candidates recommended by stockholders. The deadlines and procedures for stockholder recommendations of director candidates are discussed below under "Nomination of Directors and Submission of

Stockholder Proposals.” Following verification of the stockholder status of persons proposing candidates, the Nominating Committee will make an initial analysis of the qualifications of any candidate recommended by stockholders or others pursuant to the criteria summarized above to determine whether the candidate is qualified for service on the Board before deciding to undertake a complete evaluation of the candidate. Other than the verification of compliance with procedures and stockholder status, and the initial analysis performed by the Nominating Committee, a potential candidate nominated by a stockholder will be treated like any other potential candidate during the review process by the Nominating Committee.

The Board, upon recommendation of our Nominating Committee, has approved and recommended to the Board the nominations of Vivek Jain, David C. Greenberg, Elisha W. Finney, David F. Hoffmeister, Donald M. Abbey, Laurie Hernandez, and Kolleen T. Kennedy for election as directors at the Annual Meeting. The Nominating Committee considered the candidates’ qualifications and experience, past contributions to the Board, their willingness to continue to serve and the benefits of continuity in the membership of the Board and determined that the re-election and initial election of these candidates was appropriate.

Pursuant to our director retirement policy that was adopted on April 30, 2015, no person may stand for election following his or her 76th birthday. In accordance with this policy, the Board has not nominated George Lopez, M.D.'s for election as a director at the Annual Meeting.

On January 6, 2022, in connection with the Company’s acquisition of Smiths Medical 2020 Limited, the holding company of Smiths Group plc’s global medical device business, a portion of the purchase consideration for this acquisition was satisfied by the delivery of 2.5 million of the Company’s newly issued shares of Common Stock to Smiths Group a wholly owned subsidiary of Smiths Group plc. In connection with the Company’s issuance of stock consideration, the Company and Smiths Group entered into a Shareholder’s Agreement which gives Smiths Group the right to designate one individual for election to the Board so long as Smiths Group beneficially owns at least 5% of the total outstanding shares of the Company stock. Mr. William Seeger was appointed to the Board in 2022 as Smiths Group’s designated board member. On February 28, 2024, Mr William Seeger notified the Company of his May 2024 resignation from the Board of Smiths Group plc. Smiths Group plc has not subsequently nominated a replacement designated board member to stand for election at the ICU Medical, Inc. May 2024 Annual Meeting. Smiths Group retains the right to designate a board member as long as Smiths Group beneficially owns at least 5% of the outstanding shares of common stock of the Company as more fully described in the Shareholders Agreement dated January 6, 2022 between the Company and Smiths Group.

#### **Audit Committee**

The Audit Committee currently consists of three directors, Messrs. Hoffmeister (Chairperson), Greenberg and Ms. Finney. The Board has determined that each of Mr. Hoffmeister and Greenberg and Ms. Finney qualify as independent under the Nasdaq Listing Rules applicable to audit committee members and under Rule 10A(3)(b)(1) of the Securities Exchange Act of 1934 (the “Exchange Act”) applicable to audit committee members. As more fully described in the Audit Committee Charter, the Audit Committee oversees the accounting and financial reporting processes of the Company and the audits of its financial statements. The Audit Committee’s responsibilities include, but are not limited to, the appointment, compensation, retention and termination of our independent registered public accounting firm, reviewing with management and our independent registered public accounting firm the adequacy of our internal control over financial reporting and disclosure controls and procedures and reviewing, approving our critical accounting policies based on independent auditor recommendations and overseeing our cybersecurity and other information technology risks.

The Board adopted a revised written Audit Committee Charter, a copy of which can be found on the Company’s web site, [www.icumed.com](http://www.icumed.com) under the Investor Relations section.

The Board has determined that each of Messrs. Greenberg and Hoffmeister and Ms. Finney meet the requirements for financial literacy under the applicable Nasdaq rules and regulations and is an “audit committee financial expert” as defined by applicable Nasdaq Listing Rules and SEC regulations.

#### *Audit Committee Report*

The Audit Committee has reviewed and discussed the Company’s financial statements for the year ended December 31, 2023 with management and has discussed with the independent auditors the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board (“PCAOB”) and the SEC. Further, the Audit Committee has received the written disclosures and the letter from the independent auditors required by applicable requirements of the PCAOB regarding the independent auditor’s communications with the audit committee concerning independence, and has discussed the independent auditor’s independence with them. Based on these reviews and discussions, the Audit Committee

has recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K.

Based upon the review and discussions described in the preceding paragraph, the Audit Committee recommended to the Board that the Company's audited financial statements for the year ended December 31, 2023 be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2023 filed with the SEC.

#### Compensation Committee

The Board has a Compensation Committee, currently consisting of Messrs. Greenberg (Chairperson), Abbey and Hoffmeister. The Board has determined that each of members of the Compensation Committee qualifies as "independent" under Nasdaq's additional standards applicable to compensation committee members and is a "non-employee director" as defined in Section 16b-3 of the Exchange Act. The Compensation Committee operates pursuant to a written charter adopted by the Board, a copy of which can be found on the Company's website, [www.icumed.com](http://www.icumed.com) under the Investor Relations section.

Our Compensation Committee discharges the responsibilities of the Board relating to executive and director compensation. It reviews the performance of the Company and our CEO, sets performance objectives, establishes the compensation of the CEO, recommends to the Board the compensation of the other executive officers and authorizes the grant of options to employees, and awards under our bonus and incentive plans.

Our Compensation Committee engaged Compensia, a national compensation consulting firm in January, to advise on the performance-based compensation structure and awards, including the 2023 MIP and Performance-Based Incentive Plan, and to provide market data and other analysis for compensation of executive officers and members of our Board. Prior to making its decisions for executive officers other than the CEO, the Compensation Committee receives recommendations from the CEO as to the amounts and types of compensation and other awards for those executive officers.

In 2017, our Compensation Committee approved, pursuant to the provisions of the Company's Equity Plan, an aggregate number of RSUs which the CEO can grant in off-cycle to employees, typically related to new hires, subject to certain limitations.

#### *Compensation Committee Report*

The Company's Compensation Discussion and Analysis ("CD&A") is included elsewhere in this Proxy Statement. Our Compensation Committee has reviewed and discussed the CD&A with management of the Company. Based on these reviews and discussions, our Compensation Committee has recommended to the Board that the CD&A be included in this Proxy Statement and be incorporated by reference in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2023.

## **Compensation Committee Interlocks and Insider Participation**

During 2023, the members of our Compensation Committee were Mr. Greenberg (Chairperson), Mr. Hoffmeister, and Mr. Abbey, none of whom was a current or former employee or officer of the Company. During 2023, none of our executive officers served as a member of the board of directors or Compensation Committee (or other committee performing equivalent functions) of any entity that had one or more executive officers serving on our Board of Directors or Compensation Committee. Related person transactions pursuant to Item 404(a) of Regulation S-K involving those who served on the Compensation Committee during 2023 are described in “Transactions with Related Persons.”

## **Compensation Consultant Conflict of Interest Analysis**

In 2023, Compensia, the compensation consultant engaged by our Compensation Committee, did not provide any services to us other than its consulting services to the Compensation Committee described above. The Compensation Committee regularly reviews the objectivity and independence of the advice provided by its compensation advisors on executive and non-employee director compensation and believes that the work of Compensia during 2023, raised no conflict of interest. In reaching this conclusion, our Compensation Committee has assessed the independence of Compensia taking into account, among other things, the six factors set forth in Exchange Act Rule 10C-1 and the applicable Nasdaq listing standards.

## **Family Relationships**

There are no other relationships among the executive officers or directors of the Company.

## **Transactions with Related Persons**

Item 404 of Regulation S-K requires that we disclose any transactions, since the beginning of our last fiscal year, between us and any related parties, as defined by Item 404, in which the amount involved exceeds \$120,000 and in which any related party had or will have a direct or indirect material interest.

Mr. Nicholas Lopez is the son of Dr. Lopez, a director and the founder of the Company and is the Product Manager, Specialty Infusion Consumables. For 2023, Mr. Nicholas Lopez received approximately \$178,000 as compensation for his services as an employee of the Company.

## **Policies and Procedures Regarding Transactions with Related Persons**

We attempt to review all related person transactions to ensure fairness to the Company and proper disclosure under SEC rules. Pursuant to the Audit Committee Charter, our Audit Committee is responsible for reviewing and approving all related person transactions. We also require each of our executive officers and directors to complete a questionnaire that is intended to identify transactions or potential transactions that require disclosure under SEC rules or create a potential conflict of interest. In determining whether to approve a related party transaction, our Audit Committee considers the general fairness of the transaction to the Company, including the material terms and conditions of the proposed transaction, the related party’s interest, the amount involved in the transaction and whether the transaction is on terms comparable to terms available in a transaction involving an unrelated third party.

Pursuant to our written Code of Business Conduct and Ethics, each executive officer or director must receive approval of the Nominating Committee or the Board prior to engaging in certain transactions that are likely to involve a conflict of interest.

## **Sustainability**

We are committed to operating our global business in a manner that enhances not only the well-being of our employees but also their communities. We tie our sustainability strategy to our business strategy, and we evaluate and prioritize the environmental, social and governance factors most relevant to our business and stakeholders.

- Organizing cleaning days at neighborhood green areas and public areas, such as beaches and parks;
- Contributing to the world's leading nonprofits of donated medicines and medical supplies to help bring much-needed healthcare to children and families in regions of the world struck by natural disasters;
- Celebrating World Environment Day and National Green Week; and
- Inspiring youth of today to become better citizens through various activities to protect nature and the planet.

## **Our People**

We encourage, value, and leverage the differences in people and perspectives to make healthcare better. Employee engagement is extremely important to us. By listening to our employees, we hear directly from them and what they feel is important—allowing us to continually improve our culture.

Additionally, we strive to support our employees by providing professional development opportunities and competitive compensation and benefit packages.

## **Environmental Sustainability**

As responsible stewards, we endeavor to protect our environment by minimizing waste, reducing energy consumption, and promoting water conservation. Our work to preserve and protect the environment has led to clean industry certification, recognition by state and federal governments and environmental management system verifications. We have also invested in Environmental, Health and Safety Management Information Systems in order to streamline reporting, increase transparency, improve performance, and leverage system intelligence.

We understand the consequences of waste generation and our responsibility to reduce waste as much as possible, making it a point to establish relationships with suppliers and service providers who offer, and guarantee, a waste management plan. Our everyday strategy to reduce waste includes measure to:

- Safely dispose of hazardous waste products, including PVC, HDPE, film regrind, oil, oil absorbents, antifreeze, and oil filters;
- Appropriately recycle paper, plastic, glass, metal, electronics, and wooden pallets; and
- Establish paperless manufacturing facilities, conserving environmental resources, and increasing operational efficiencies with new digital technologies.

We have initiated conservation and technology upgrade programs to improve energy efficiency at our facilities, including investing more than \$1 million to install electric transformers with energy-saving technology, reducing energy consumption by 10 percent. We are also:

- Using a grid-tiered solar system to provide more efficient clean energy and reduce power consumption;
- Incorporating technology such as HVAC environmental controls, compressors, plant boilers, and cooling towers with more energy-efficient products; and
- Replacing traditional incandescent lighting with energy-efficient lighting solutions, including installing automatic lighting sensors in offices and conference rooms and implementing building designs to take advantage of natural light.

We have invested in water sustainability programs, including a rainwater capture system that uses rainwater in facility cooling and diverts any unused water to a rainwater retention lagoon for later use. Other water conservation programs include:

- Wastewater treatment systems that use treated water for restrooms (not for handwashing) and irrigation of green areas;
- Replacement of grass and trees in more drought-prone areas with drought-tolerant landscaping to reduce the need for irrigation; and
- Installation of water-saving devices, such as photocell sensors on faucets in dining rooms and restrooms.

### Proposal 2 - Ratification of Appointment of Independent Registered Public Accounting Firm

Deloitte & Touche LLP (“Deloitte”) has been the Company’s independent registered public accounting firm since its selection by the Audit Committee on March 19, 2008. Deloitte was most recently ratified by the stockholders at the 2023 Annual Meeting of Stockholders as the independent registered public accounting firm of the Company for the year ended December 31, 2023.

The Audit Committee has appointed Deloitte to continue as the independent registered accounting firm of the Company for the year ending December 31, 2024. Representatives of Deloitte are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they so desire and respond to appropriate questions. Although the ratification by stockholders is not required by our bylaws or otherwise, the Board is submitting the selection of Deloitte to our stockholders for ratification because we value our stockholders’ views on the Company’s independent registered public accounting firm and it is a good corporate governance practice. If our stockholders do not ratify the selection, it will be considered as notice to the Board and the audit committee to consider the selection of a different firm. Even if the selection is ratified, the Audit Committee, in its discretion, may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

The Board recommends that you vote **FOR** the ratification of the appointment of Deloitte.

#### *Fees Paid to Auditors*

It is the policy of our Audit Committee to have the engagement of our independent registered public accounting firm to perform any audit or non-audit services approved in advance by the Audit Committee. Such approval authority is delegated to the Chairman of the Audit Committee on behalf of the Audit Committee as permitted by the Audit Committee Charter. In 2022 and 2023, all fees to our auditors were pre-approved by the Audit Committee.

Deloitte was our independent registered public accounting firm in 2022 and 2023. Fees billed by Deloitte for 2022 and 2023 were as follows:

	<b>2022</b>	<b>2023</b>

### Proposal 3 - Advisory Vote to Approve Named Executive Officer Compensation

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934, as amended, our Board is requesting that stockholders approve, on a non-binding, advisory basis, the compensation of our named executive officers for 2023 as described in the CD&A and Executive Compensation tables on pages 9 through 19 of this Proxy Statement.

The Board believes that the information provided above in the CD&A and Executive Compensation sections of this Proxy Statement demonstrates that our executive compensation programs are designed to emphasize pay for performance and are directed toward aligning management’s interests with our stockholders’ interests. Accordingly, our Board recommends that stockholders approve the following resolution:

RESOLVED, that the stockholders of ICU Medical, Inc. approve, on an advisory basis, the compensation paid to the Company's named executive officers as described in this Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosures.

This advisory Say-On-Pay vote is non-binding on the Board. Although the vote is non-binding, the Board and our Compensation Committee will review and thoughtfully consider the voting results when making future decisions concerning the compensation of the Company's named executive officers.

The Board recommends a vote **FOR** approval of the compensation of the Company's named executive officers.

#### **ANNUAL REPORT**

Accompanying this Proxy Statement for those stockholders receiving the Proxy Statement in mail is the Company's 2023 Annual Report. The 2023 Annual Report is available free of charge on the Company's website at <https://ir.icumed.com/financial-information> or you can request a copy free of charge by internet at [www.proxyvote.com](http://www.proxyvote.com), by telephone at 1-800-579-1639 or by e-mail at [sendmaterial@proxyvote.com](mailto:sendmaterial@proxyvote.com).

Our Annual Report on Form 10-K for the fiscal year ended December 31, 2023 has also been filed with the SEC. It is available free of charge at the SEC's website at [www.sec.gov](http://www.sec.gov).

#### **NOMINATION OF DIRECTORS AND SUBMISSION OF STOCKHOLDER PROPOSALS**

Stockholders who intend to have a proposal considered for inclusion in our proxy materials for presentation at the 2025 Annual Meeting pursuant to Rule 14a-8 under the Exchange Act must submit the proposal in writing to the Company at its principal executive offices no later than December 3, 2024 .

Stockholders intending to present a proposal (including a director nomination) at the 2025 Annual Meeting, which proposal would not be included in next year's proxy materials, must comply with the requirements set forth in our Amended and Restated Bylaws. Our Amended and Restated Bylaws require, among other things, that our Secretary receive written notice from the stockholder of record of their intent to present such proposal or nomination not less than ninety (90) days or more than one hundred twenty (120) days prior to the on-year anniversary of the preceding year's annual meeting. Therefore, we must receive notice of such a proposal or director nomination for the 2025 Annual Meeting of Stockholders not later than February 14, 2025 and not earlier than January 15, 2024. The notice must contain the information required by the Amended and Restated Bylaws, a copy of which is available upon request to our Secretary. In the event that the date of the 2025 Annual Meeting is more than 30 days before or more than 60 days after May 15, 2025 (the one year anniversary of this year's Annual Meeting), then our Secretary must receive such written notice not more than the hundred twentieth (120th) day prior to the 2025 Annual Meeting and not later than (i) the ninetieth (90th) day prior to the 2025 Annual Meeting or, (ii) if later, the tenth (10th) day following the day on which public disclosure of the date of the 2025 Annual Meeting is first made by us.

In addition to satisfying the foregoing requirements under our Bylaws, to comply with the universal proxy rules, stockholders who intend to solicit proxies in support of director nominees other than the Company's nominees must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act.

In connection with our 2025 Annual Meeting, we intend to file a proxy statement and a WHITE proxy card with the SEC in connection with our solicitation of proxies for our 2025 Annual Meeting.

#### **OTHER MATTERS**

The Company knows of no other matters to be brought before the Annual Meeting. If any other matters are properly presented for action, the persons named in the accompanying proxy intend to vote on such matters in their discretion.

#### **SOLICITATION OF PROXIES**

The cost of this solicitation of proxies will be borne by the Company. Solicitations will be made on our behalf by mail, telephone, electronic transmission or in person by directors, officers and other employees of the Company, but such persons will not receive compensation for such services over and above their regular salaries. The Company will reimburse brokers,

banks, custodians, nominees and fiduciaries holding stock in their names or in the names of beneficial owners for their reasonable charges and expenses in forwarding proxies and proxy materials to the beneficial owners of such stock.

## HOUSEHOLDING

The SEC has adopted rules that allow a company to deliver a single proxy statement and annual report to two or more stockholders sharing the same address. This method of delivery, known as "householding," permits us to realize cost savings, reduces the amount of duplicate information stockholders receive, and reduces the environmental impact of printing and mailing documents to you. Under this process, certain stockholders will receive only one copy of our proxy materials and any additional proxy materials that are delivered until such time as one or more of these stockholders notifies us that they want to receive separate copies. Any stockholders who object to or wish to begin householding may notify Broadridge by calling toll-free at 800-542-1061, or by writing to Broadridge Financial Solutions, Inc., Householding Department, 51 Mercedes Way, Edgewood, New York 11717. We will send an individual copy of the proxy statement to any stockholder who revokes their consent to householding within 30 days of our receipt of such revocation.

BY ORDER OF THE BOARD OF DIRECTORS

Virginia Sanzone, Corporate Vice President General Counsel and Secretary

## ANNEX A

### Use of Non-GAAP Financial Information

This Proxy Statement contains financial measures that are not calculated in accordance with U.S. generally accepted accounting principles ("GAAP"). Our management believes that the non-GAAP data provides useful supplemental information to management and investors regarding our performance and facilitates a more meaningful comparison of results of operations between current and prior periods. The non-GAAP financial measures included in this Proxy Statement are Adjusted EBITDA, adjusted diluted earnings per share ("Adjusted Diluted EPS") and Free Cash Flow ("FCF"). Adjusted EBITDA excludes from net loss: interest, net; stock compensation expense; depreciation and amortization expense; restructuring, strategic transaction and integration expense; adjustment to reverse the cost recognition related to the purchase accounting write-up of inventory to fair market value; change in fair value of contingent earn-out; quality system and product-related remediation charges; asset write-offs and similar charges and provision for income taxes. Adjusted Diluted EPS excludes, net of tax from diluted earnings per share: stock compensation expense; intangible asset amortization expense; restructuring, strategic transaction and integration expense; adjustments to reverse the cost recognition related to the purchase accounting write-up of inventory to fair value; change in the fair value of contingent earn-out; quality system and product-related remediation; asset write-offs and similar charges; the estimated income tax impact from the adjustments calculated using the specific tax rate applied to each adjustment based on the nature of the item/or the tax jurisdiction in which the item was recorded; and earnings per share impact on net loss due to use of basic versus diluted weighted average shares. FCF means net cash provided by (used in ) operating activities minus purchase of property, plant and equipment, plus proceeds from sale of assets.

The non-GAAP financial measures should be considered supplemental to, and not as a substitute for, or superior to, financial measures calculated in accordance with GAAP. There are limitations in using these non-GAAP financial measures because they are not prepared in accordance with GAAP and may be different from non-GAAP financial measures used by other companies.

Adjusted diluted earnings per share	\$ 6.75	\$ 6.51		

<sup>(a)</sup> We exclude interest in deriving Adjusted EBITDA as interest can vary significantly among companies depending on a company's level of income generating instruments and/or level of debt.

<sup>(b)</sup> We exclude stock-based compensation in deriving Adjusted EBITDA and adjusted diluted earnings per share as stock-based compensation is generally fixed at the time the stock-based instrument is granted and amortized over a period of several years. The value of stock options is determined using a complex formula that incorporates factors, such as market volatility, that are beyond our control. The value of our restricted stock awards is determined using the grant date stock price, which may not be indicative of our operational performance over the expense period. Additionally, in order to establish the fair value of performance-based stock awards, which are currently an element of our ongoing stock-based compensation, we are required to apply judgment to estimate the probability of the extent to which performance objectives will be achieved. Based on the above factors, we believe it is useful to exclude stock-based compensation in order to better understand our operating performance.

<sup>(c)</sup> We exclude depreciation expense in deriving Adjusted EBITDA because companies utilize productive assets of different ages and the depreciable lives can vary significantly resulting in considerable variability in depreciation expense among companies. We exclude intangible asset amortization expense in deriving Adjusted EBITDA and adjusted diluted earnings per share because we do not acquire businesses or capitalize certain patent costs on a predictable cycle. The amount of purchase price allocated to intangible assets and the term of amortization

can vary significantly and are unique to each acquisition. Capitalized patent costs can vary significantly based on our current level of development activities. We believe that excluding amortization of intangible assets provides the users of our financial statements with a consistent basis for comparison across accounting periods.

<sup>(d)</sup> We exclude restructuring and strategic transaction charges in deriving Adjusted EBITDA and adjusted diluted earnings per share as they result from events, which arise from unforeseen circumstances and/or often occur outside of the ordinary course of our ongoing business. Although these events are reflected in our GAAP financial statements, these unusual transactions may limit the comparability of our ongoing operations with prior and future periods.

<sup>(e)</sup> We exclude adjustments to reverse the cost recognition related to the purchase accounting write-up of inventory to fair market value in deriving Adjusted EBITDA and adjusted diluted earnings per share as the inventory step-up represents the expense recognition of fair value adjustments in excess of the historical cost basis of inventory obtained through acquisition, these charges are outside of our normal operations and so are excluded.

<sup>(f)</sup> We exclude changes in fair value of contingent earn-outs in deriving Adjusted EBITDA and adjusted diluted earnings per share as they are recorded in connection with business combinations. We exclude items that are either non-cash or not normal, recurring operating expenses due to their nature, variability of amounts, and lack of predictability as to occurrence and/or timing.

<sup>(g)</sup> We exclude quality system product-related remediation charges in deriving Adjusted EBITDA and adjusted diluted earnings per share as they may limit the comparability of our ongoing operations with prior and future periods and distort the evaluation of our normal operating performance.

<sup>(h)</sup> We may write-off certain assets or we may sell certain assets. We exclude the non-cash gain/loss on the write-off/sale of these assets in determining our non-GAAP financial measures as they may limit the comparability of our ongoing operations with prior and future periods and distort the evaluation of our normal operating performance.

<sup>(i)</sup> We exclude taxes in deriving Adjusted EBITDA as taxes are deemed to be non-core to the business and may limit the comparability of our ongoing operations with prior and future periods and distort the evaluation of our normal operating performance.

<sup>(j)</sup> Non-GAAP income tax provision includes the tax impact of the following adjustments: stock compensation expense; intangible asset amortization expense; restructuring, strategic transaction and integration; adjustment to reverse the cost recognition related to the purchase accounting write-up of inventory to fair value; contract settlement; and quality system product-related remediation charges. The non-GAAP effective income tax rate includes the tax rate effect of the above adjustments calculated using the specific tax rate applied to each adjustment based on the nature of the item/or the tax jurisdiction in which the item has been recorded.
